EXPERIENCE #  
THE DIFFERENCE

When you choose Petzl as your partner in outdoor and vertical adventure, expect a user experience that is unique in our industry.

For over 50 years, Petzl has offered complete, innovative solutions, often challenging established norms.

To us, providing a high-quality product isn't enough. We also create easy-to-access, technical content to support your experience using our products.

By doing this, we have created something unique in our industry that allows us to share experiences and build trust with all our communities. Online or offline, it allows the customer to experience the difference every time.

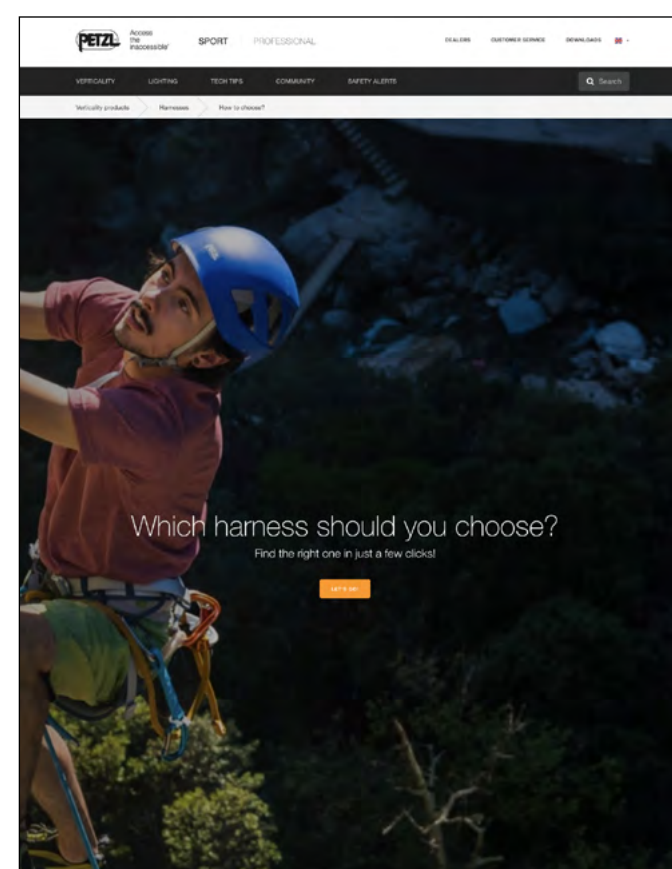

## An Unexpected Experience

Every point of contact with Petzl is centered around the user. Each interaction is designed and crafted to provide a unique moment.

SHIFTRL	***	***	*			

In-store and online, we provide resources to help customers make the right choice when it comes to gear, so they can find exactly what fits their needs.

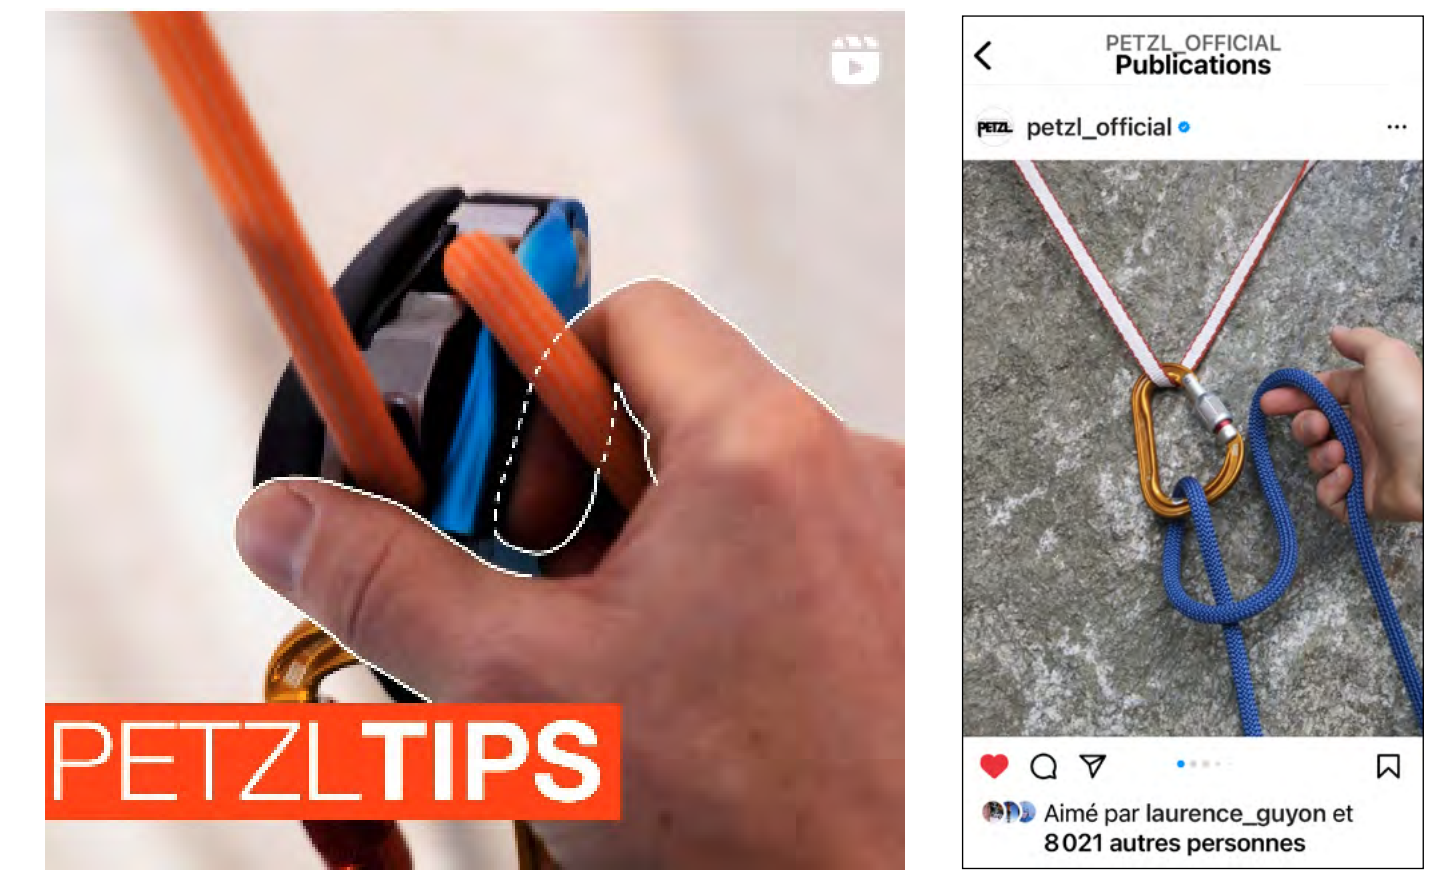

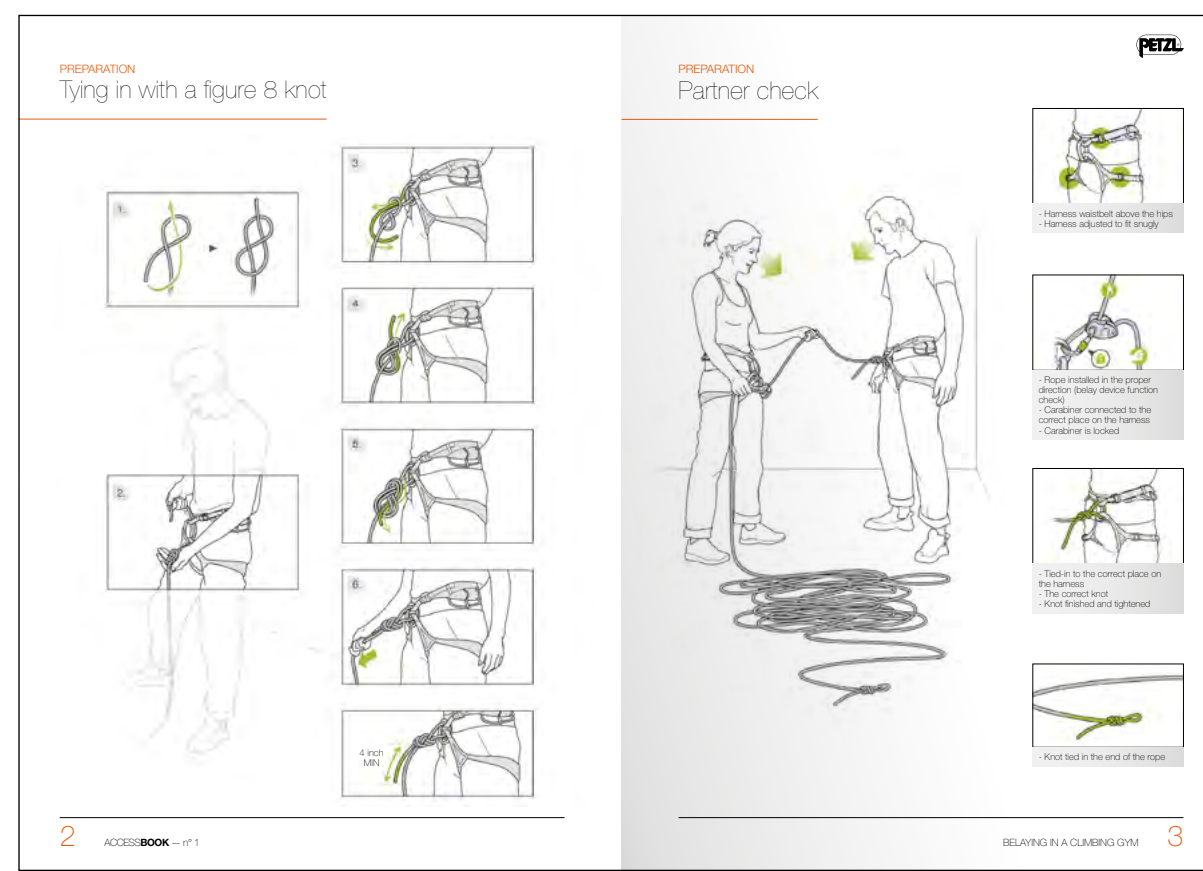

We provide e-learning modules and pedagogic resources so that anyone can learn or review the proper techniques and work towards improving their skills. We also provide training opportunities through our PTI and PTP networks.

We host interactive events with our incredible team of athletes, giving our communities the opportunity to experience extraordinary moments.

## Impactful Content

More than any other brand in our industry, Petzl offers our customers a variety of resources, so they can continue to learn about safety and best practices. Online or offline, every interaction with Petzl is an opportunity to share an educational element that benefits all our communities.

We dive head-first into wild adventures alongside experts who are ever-pushing the limits of their practice and sharing extraordinary images with us in the process. Inspiration and motivation are never in short supply.

Our social media provides a space for our communities to exchange, as well as the unique opportunity to learn more about Petzl athletes. Tips, technical content, review of best practices, interviews, trip reports, athlete accomplishments — our posts cover a variety of topics and are accessible to anyone, creating a forum that fosters community interaction.

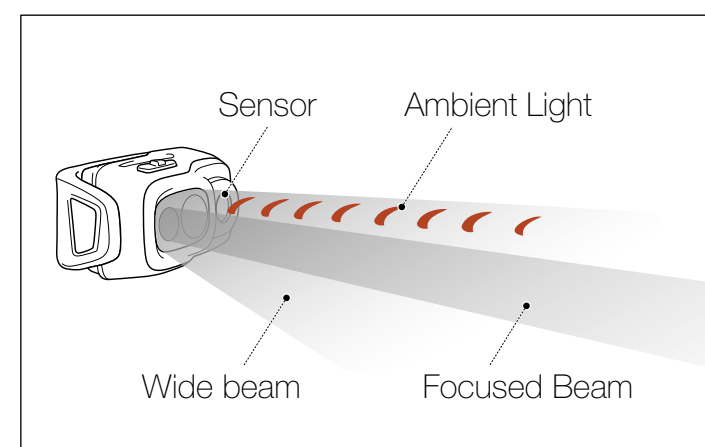

## Ground-Breaking Products, Unique User Benefits

For 50 years, Petzl has been at the forefront of innovation and technology. Our objective has always been to bring our communities the best possible solutions, even if it means breaking old habits.

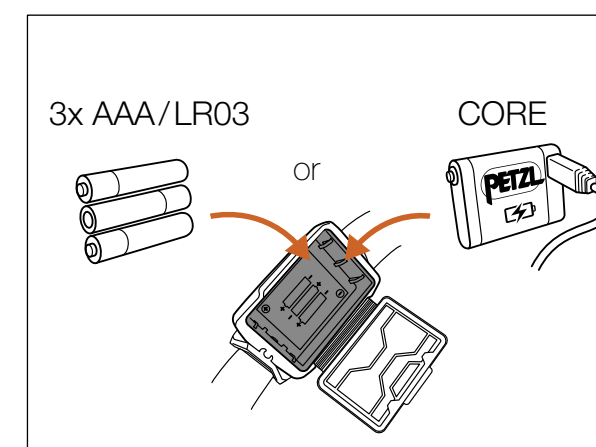

Our innovative spirit guides us. It drives every evolution in product or product use, always with user experience and real benefit in mind. Here is a quick overview of technologies that we have developed in recent years. And there are many more to come!

GRIGRI, the first belay device with cam-assisted blocking.

REACTIVE LIGHTING®, a revolutionary technology in hands-free lighting, featuring an innovative system that analyzes reflected light, instantly delivering optimal brightness and beam pattern for any given situation.

HYBRID CONCEPT, gives you the ability to switch between using standard and reusable batteries in your headlamp.

TOP AND SIDE PROTECTION, unmatched protection covering the front, sides, and back of all our helmets.

ALPEN ADAPT, a modular solution to adapt ice axes and crampons to any objective.

We continue to affirm that Petzl is unique through our key message: EXPERIENCE THE DIFFERENCE. In 2024, we are proposing complete online and offline marketing and communication campaigns in order to guarantee the promotion of our products and to provide an extraordinary experience for our users. Here you'll find the key components of our 2024 marketing drive and the timeline for their deployment. As always, our objective is to support the activation of sales for new and existing products while building longterm brand value.

## Climbing Campaign

## Outdoor Campaign

## Running Campaign

## Climbing Campaign

Regardless of skill level, we offer everyone in the climbing community innovative solutions and unique experiences. This year is no exception with the launch of NEOX. Our all-new belay device with cam-assisted blocking will round out the range and undoubtedly make a mark on the climbing world. For this occasion, we will activate a complete mixed marketing campaign, pushed by our athletes and ambassadors, among other means. 2024 is an Olympic year, and it will be a climbing-focused year for Petzl!

## Outdoor Campaign

For those who love the great outdoors, our range of TIKKINA-TIKKA-ACTIK headlamps continues to be indispensable. In 2024, the new SWIFT RL will be promoted for the most dynamic and technical excursions. From hiking to camping, from exploring after dark to summiting peaks, we're proposing a campaign that will illustrate the vast range of possibilities these headlamps provide. There's a perfect headlamp for every adventure. Extensive online and offline activation will promote our product ranges, with particular focus on in-store promotion via numerous trade marketing tools and media.

## Running Campaign

Running at night is dynamic, and it means you're committed to reaching your goals. Heading out at dawn or after sundown, in urban environments or surrounded by nature. For health or for performance, like our Petzl athletes, including François D'Haene. Whether you're alone or in a group, you'll always need the right headlamp to see what's ahead and to be seen by others. Our community supports runners every day. They count on efficient, reliable, and high-performance tools. And Petzl delivers.

## Trade Marketing - Tools & Toolkits

In 2024, we're enhancing our Trade Marketing tools and toolkits, adapting to new trends and future challenges.

Three different toolkit tiers will be available: Essential, Good, and Premium.

The depth of content available for each tier is determined by our sales and marketing strategy and the level of priority assigned to each campaign.

## Creating a Phygital Experience

Our goal for 2024 is to develop a Trade Marketing experience that combines the digital and physical world, in order to create a smooth purchasing path, curated to our audiences.

This approach allows us to deliver omnichannel campaigns and engage with our customers in a meaningful way, in the right place at the right time, whether they're shopping in-store or online.

## Example of Phygital Activation

EVOLUTION OF THE CONSUMER'S PURCHASING JOURNEY

### Awareness

Spark the audience's interest.

### Engagement

Create an interaction with our audience.

### Conversion

Encourage our audience to make a purchase.

**Combinations for every experience — gear for every climber. Whether you're a beginner or a pro, climbing in the gym or at the cliff, Petzl offers complete gear solutions for every skill level.**

## **Climbing and Mountaineering Combinations 2024**

Finding the right solution for our users doesn't mean simply providing a good product. It means providing a complete solution that wholly meets their needs. That's why we make products that work together seamlessly to give our customers the best possible experience. Helmets, harnesses, belay devices, carabiners and quickdraws, ropes; every product range offers an important piece of gear for your climbing kit. Discover it all right here!

## PERFORMANCE Gym and Rock Climbing

Climbers who are continuously pushing their performance to the next level want superior gear to get them there. They're always looking to update their kit with the best and latest equipment available. Often heavily involved in the climbing community, these climbers appreciate the recognition that comes with sporting PERFORMANCE products. They look for gear that is well-designed, innovative, lightweight, compact, and efficient, so they can clip the chains on their dream project. It's no coincidence that we use the same criteria to create our PERFORMANCE products.

## PERFORMANCE Multi-Pitch Climbing

Multi-pitch climbing presents climbers with unique and seemingly endless challenges. When they're pushing their limit a thousand feet off the ground, trusting the gear takes on a whole new meaning. Success often requires total commitment to the goal. And sometimes the outcome boils down to just a few variables. Put all the odds in their favor with gear that is comfortable yet lightweight, and durable without ever compromising performance.

## ADVANCED Gym and Rock Climbing

Seasoned climbers who are often already familiar with Petzl, these climbers are on the hunt for gear that meets their needs for progression and performance. The intrinsic quality of a product is just as important as its design or the image it conveys in the world of climbing. Inspired by the leaders in our sport, these climbers are pushing their personal limits to meet their own objectives. Our ADVANCED products will bring them even closer to accessing their inaccessible.

## DISCOVER Gym and Rock Climbing

Discovering the joys of climbing for the first time, these climbers often start out in their local climbing gym. They're looking for gear that is accessible, efficient, durable, and will allow them to easily integrate into their newly-adopted climbing community. Overflowing with psych, with only a few sessions under their belt, a little guidance in choosing the right gear is helpful for these climbers. Our DISCOVER range makes it possible for them to have a unique and rewarding experience from the very first time they tie in.

## PERFORMANCE Mountaineering

Mountaineering is undeniably one of the most demanding and committing activities in our sport, especially when the objective is technically difficult. Climbers who are pursuing challenging objectives in the mountains are always seeking superior equipment to give them the edge they need to succeed, especially when it comes to technical gear. For helmets, harnesses, ice tools, crampons, ice screws, ropes, and lighting alike, experts in the vertical world will find that Petzl is the most reliable and performance-driven partner for every extraordinary adventure.

## Petzl Solutions

**Petzl Solutions develops and shares Petzl's extensive expertise in terms of training, testing, and design of technical solutions, on an international scale.**

This department trains people involved with verticality on the advisement, usage, and management of Personal Protective Equipment (PPE). Our training centers also provide a venue for technical discussion on the use of our products. Our know-how allows us to provide technical responses to specific problems.

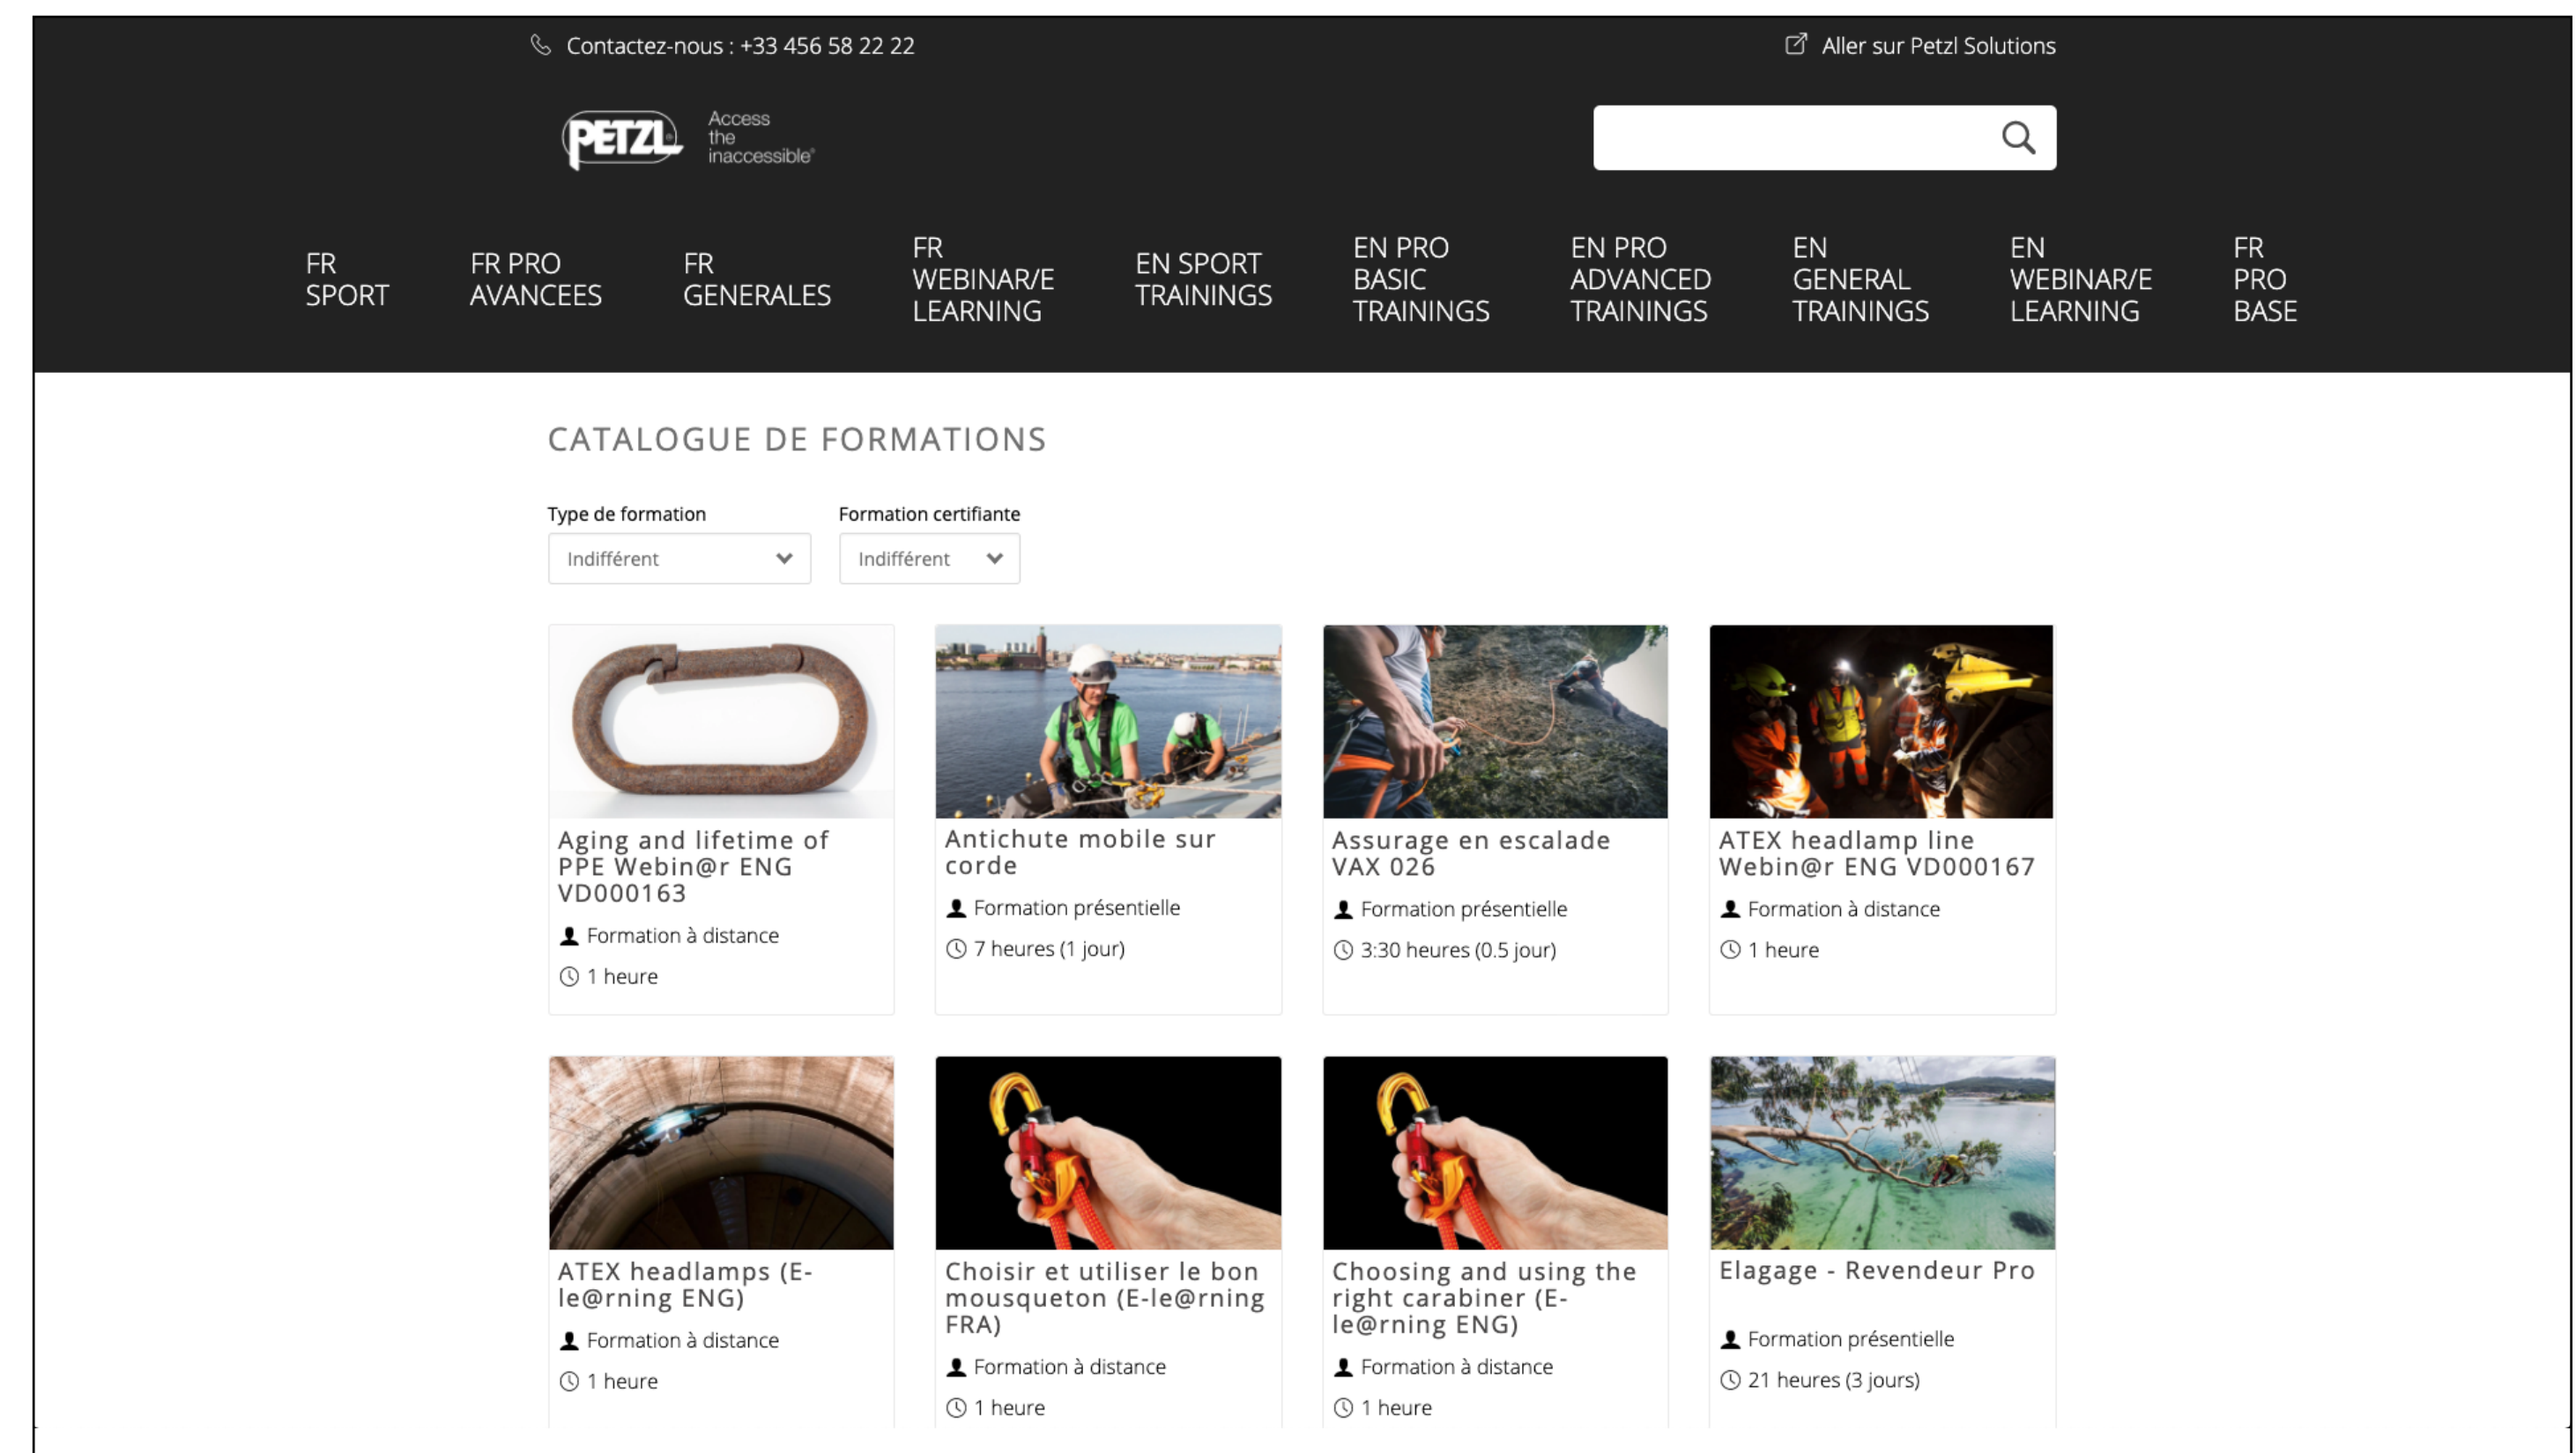

## Petzl Solutions

### Petzl Solutions' expertise in a few words:

- In-depth knowledge of Petzl products and how to use them
- Petzl technical know-how
- Extensive proficiency in risk assessment
- Access to unique testing methods
- A set of training modules
- True teaching skills
- Share experiences from the field

A variety of content such as webinars and e-learning modules are already available on the website:  
<https://petzl-training.catalogueformpro.com/>

Many other forms of training are offered via the PTI (Petzl Technical Institute) and PTP (Petzl Technical Partner) networks. To learn more about these trainings, contact a Petzl representative directly.

New

This year, our DISCOVER range of harnesses is getting a makeover. The best-selling CORAX is being totally refreshed, alongside new versions of the CORAX LT and CORAX LT WOMEN. At the pinnacle of our PERFORMANCE range, the updated SITTA is sure to delight the most demanding climbers and mountaineers.

CORAX

CORAX LT

CORAX LT WOMEN

SITTA

CARITOOL EVO

The **PERFORMANCE** range is designed for intensive use at the crag, on multi-pitch climbs, or in the mountains: they are technical harnesses that meet your needs for minimal weight, freedom of movement, and comfort, and offer a large capacity to carry the gear for any ascent.

SITTA

AQUILA

HIRUNDOS

FLY

The **ADVANCED** range is designed for active climbers and mountaineers: comfortable and versatile, these harnesses offer multiple gear loops and can be worn at the crag, on multi-pitch climbs, or in the mountains. Two harnesses are specifically designed for women (♀).

ADJAMA

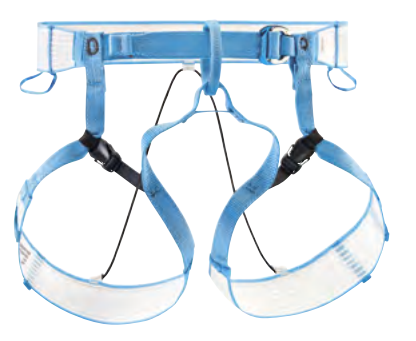

LUNA

SAMA

SELENA

ALTITUDE

The **DISCOVER** range is ideal if you're new to the sport or only use the harness occasionally for activities in the mountains. Versatile and adjustable, these harnesses are comfortable when hanging for long periods of time and adapt to different body types.

## Locking Carabiners

### ATTACHE

Locking pear-shaped carabiner with round-stock basket for smooth rope operation

## Locking Carabiners

### ATTACHE

SCREW-LOCK locking system provides good handling and effective locking. Visual indicator makes it easy to check that the carabiner is locked.

## Locking Carabiners

### ATTACHE

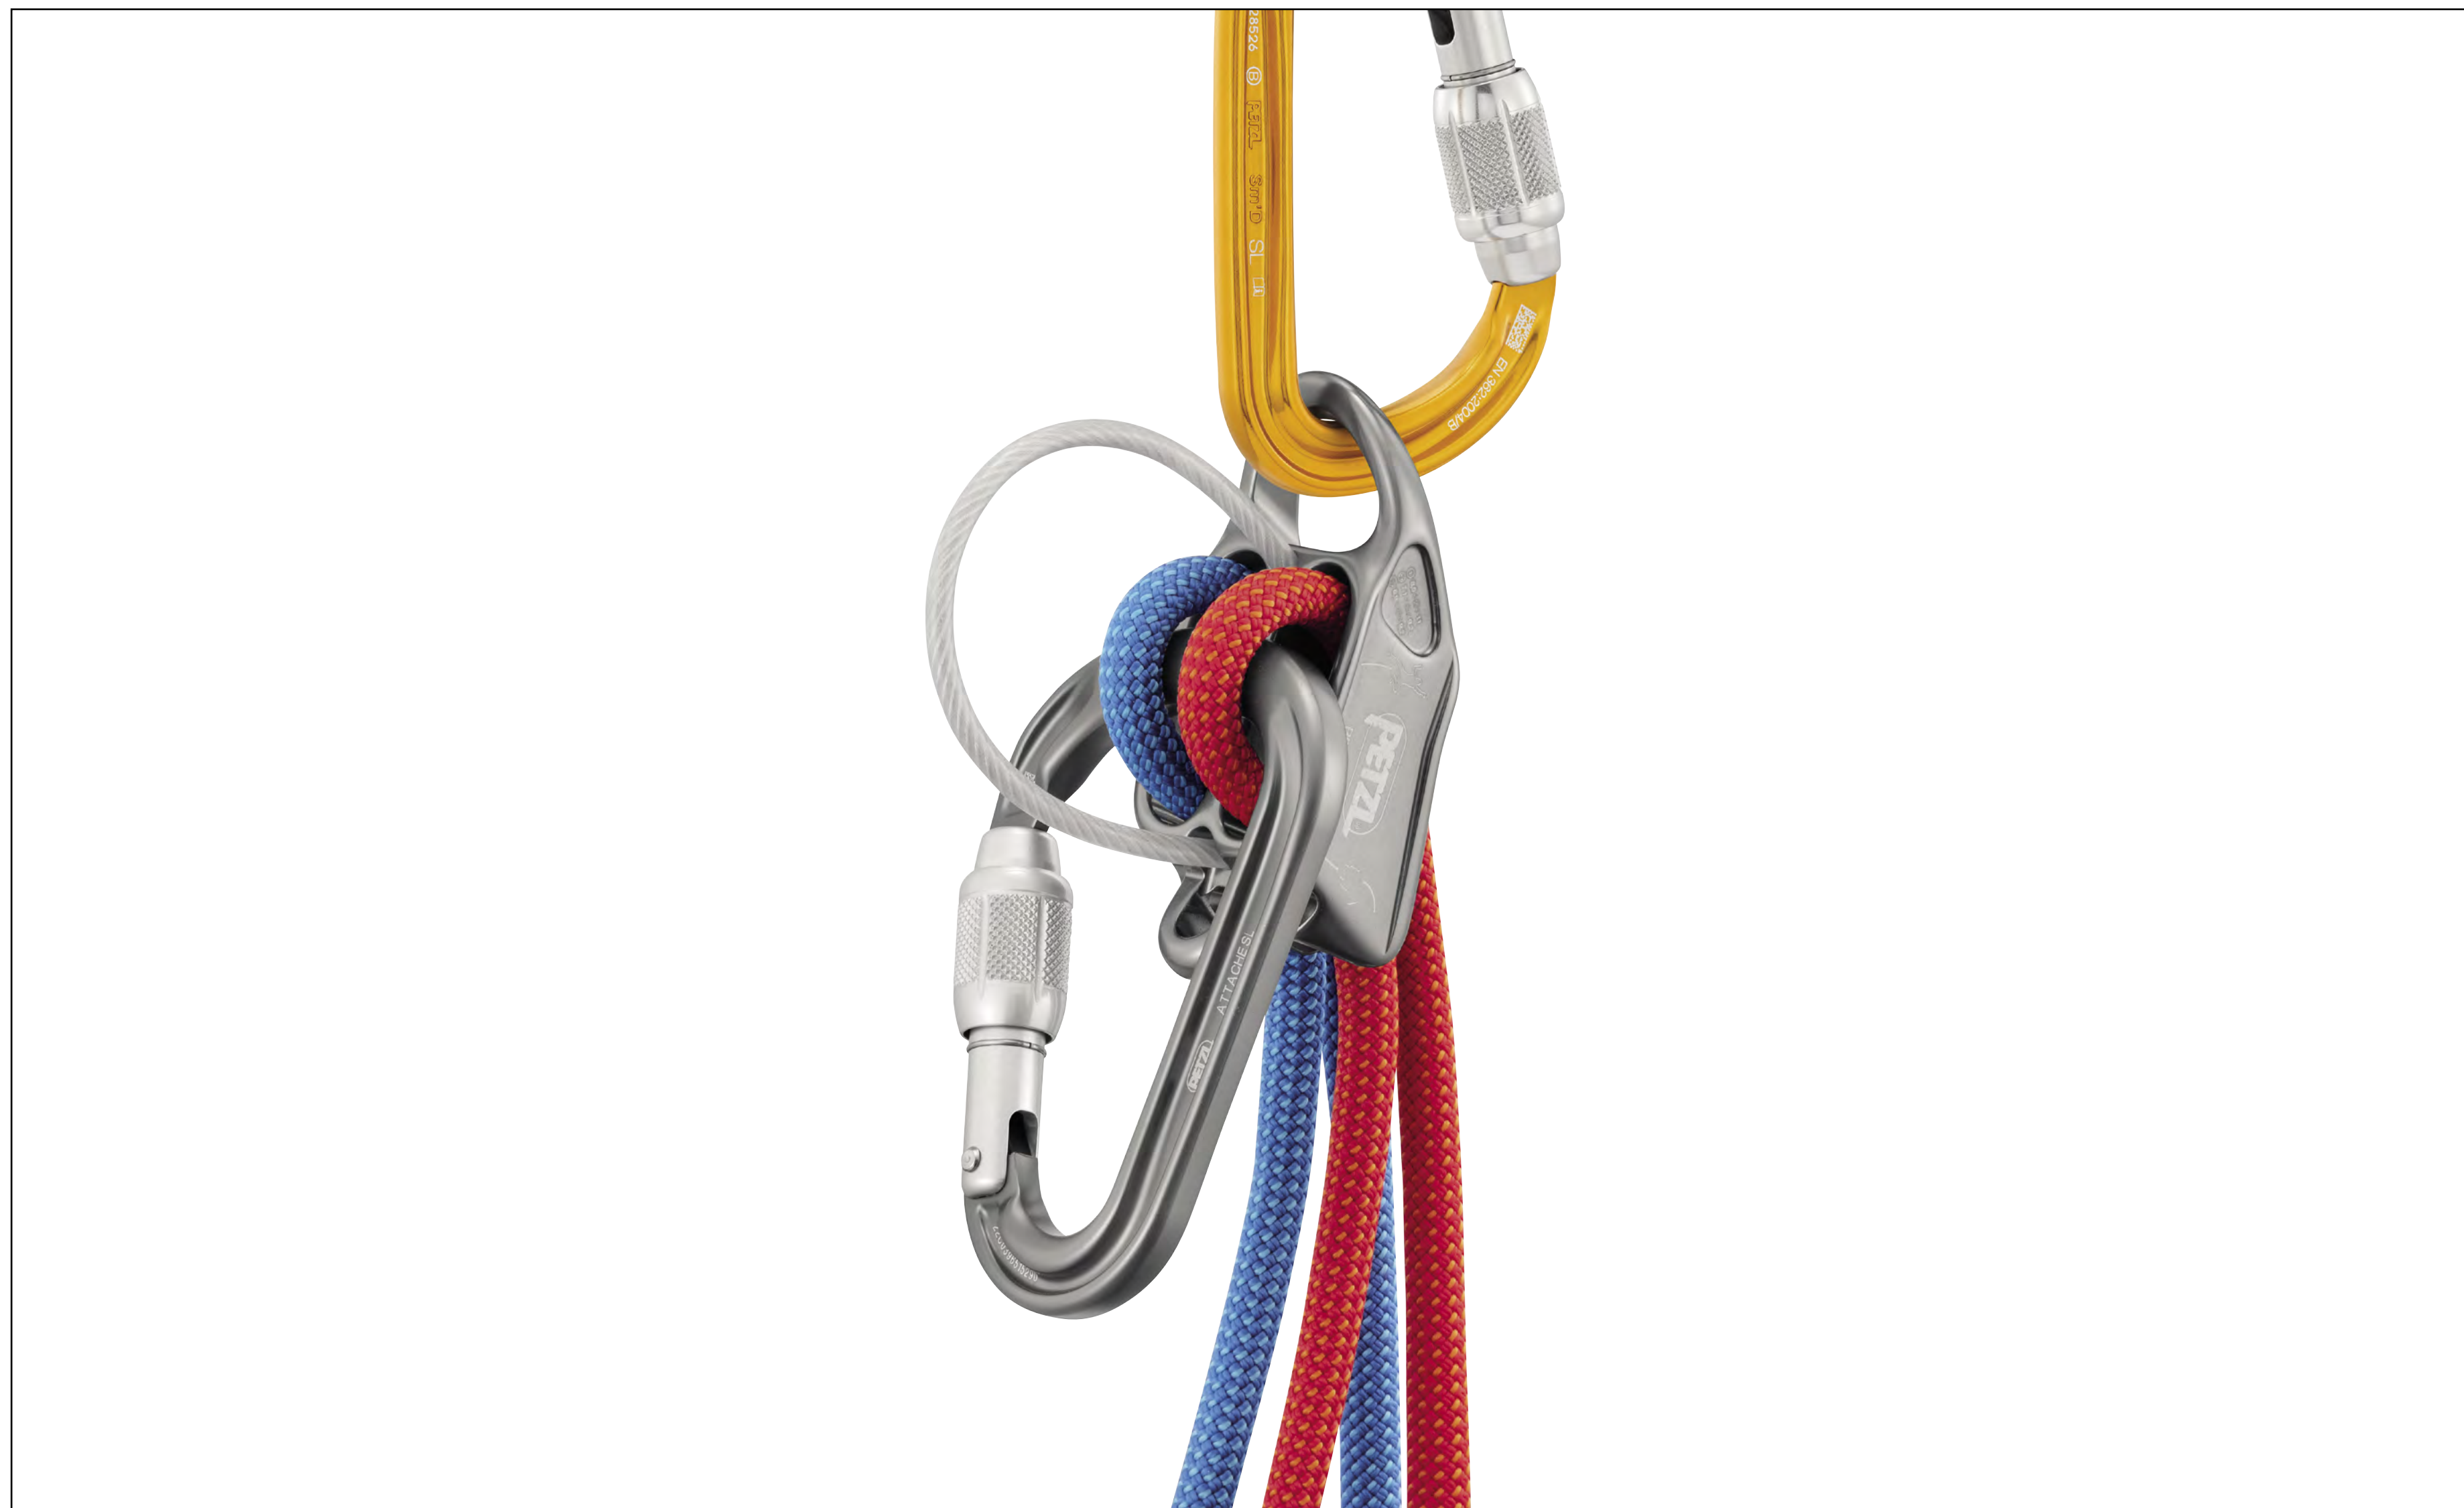

Round-stock basket for smooth rope operation when belaying with a Munter hitch.

## Locking Carabiners

### ATTACHE

Round-stock basket for smooth rope operation when belaying with a VERSO or REVERSO.

## Locking Carabiners

### ATTACHE

Keylock carabiner helps prevent snagging.

## Locking Carabiners

### ATTACHE

Locking pear-shaped carabiner with round-stock basket for smooth rope operation

- **Material(s):** Aluminum
- **Certification(s):** CE EN 12275 type H, UKCA, UIAA
- **Weight:** 58 g

## Locking Carabiners

### ATTACHE BAR

Pear-shaped locking carabiner with unidirectional positioning bar

## Locking Carabiners

### ATTACHE BAR

The BAR is completely removable for more versatility.

## Locking Carabiners

### ATTACHE BAR

Round-stock basket for smooth rope operation when belaying with a Munter hitch.

## Locking Carabiners

### ATTACHE BAR

Keylock carabiner helps prevent snagging.

## Locking Carabiners

### ATTACHE BAR

Once installed, BAR orients the carabiner to load the major axis.

## Locking Carabiners

### ATTACHE BAR

Pear-shaped locking carabiner with unidirectional positioning bar

- **Material(s):** Aluminum, nylon
- **Certification(s):** CE EN 12275 type H, UKCA, UIAA
- **Weight:** 63 g

## Locking Carabiners

### ROCHA

Ultra-lightweight, ultra-compact, pear-shaped screw-lock carabiner

## Locking Carabiners

### ROCHA

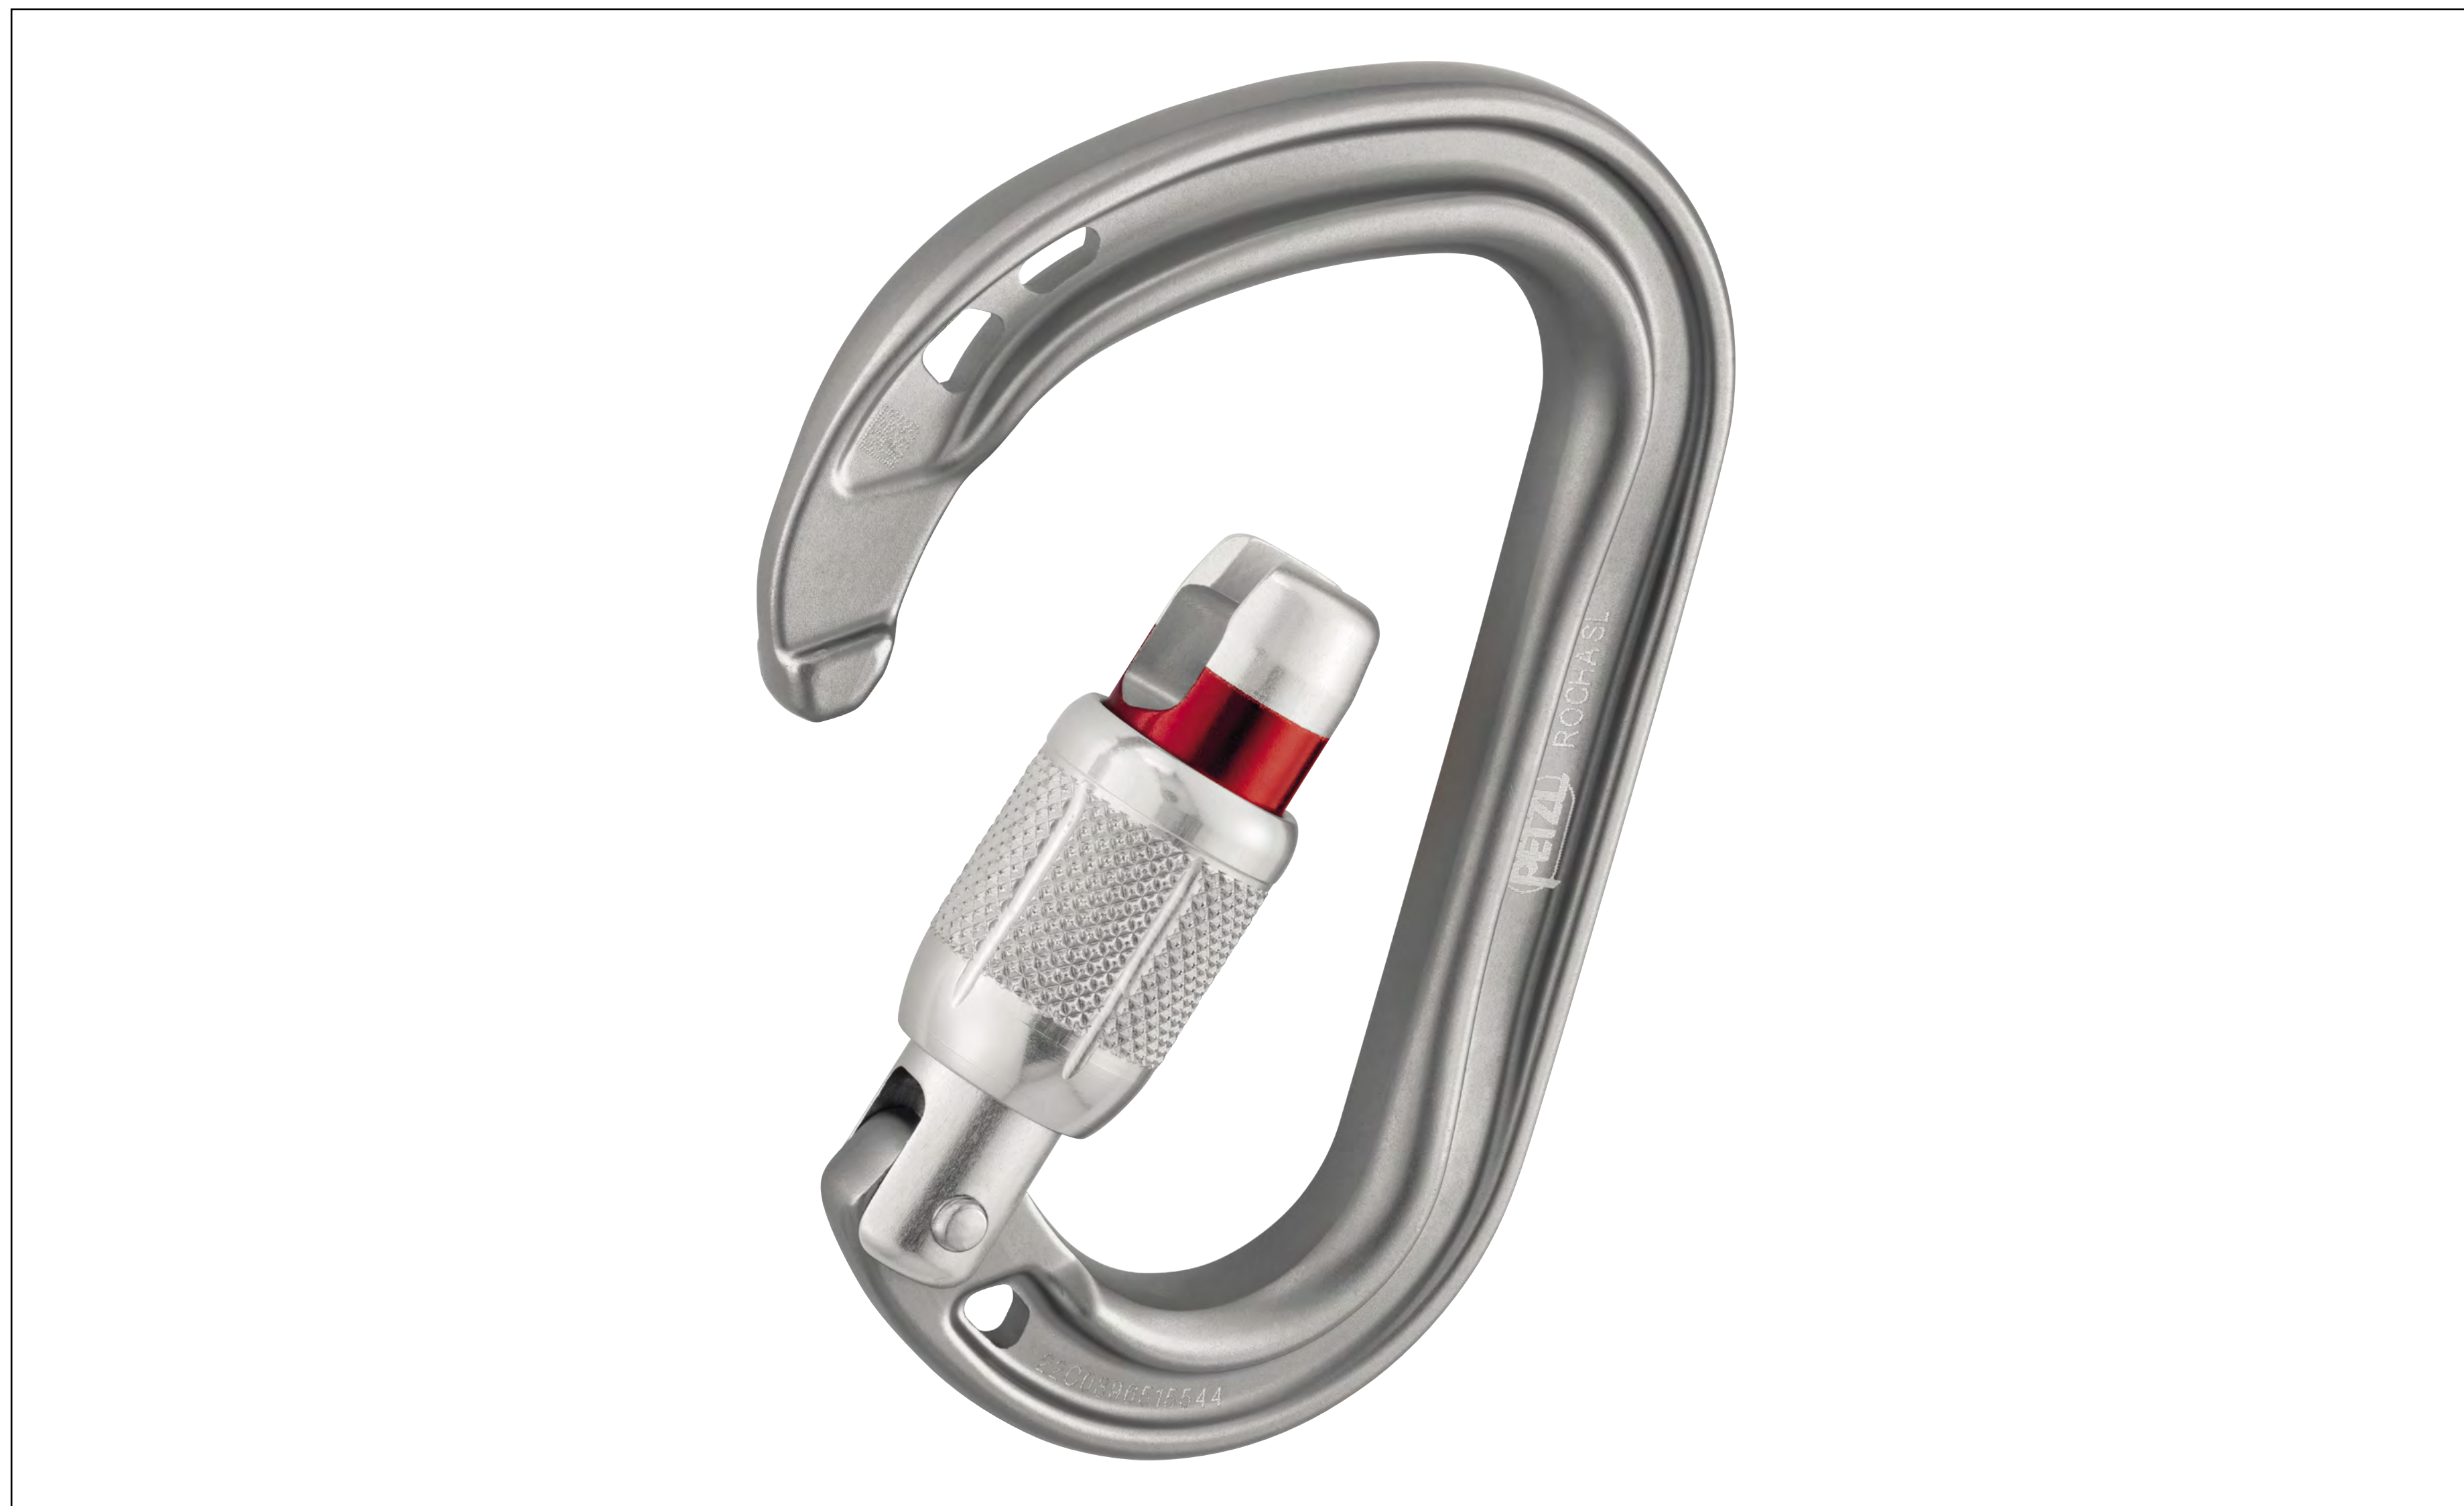

SCREW-LOCK locking system provides good handling and effective locking. Visual indicator makes it easy to check that the carabiner is locked.

## Locking Carabiners

### ROCHA

Keylock carabiner helps prevent snagging.

## Locking Carabiners

### ROCHA

The bottom of the carabiner is wider for smoother rope operation and reduced wear on the carabiner.

## Locking Carabiners

### ROCHA

Ultra-lightweight, ultra-compact, pear-shaped screw-lock carabiner

- **Material(s):** Aluminum
- **Certification(s):** CE EN 12275 type H, UIAA, UKCA
- **Weight:** 45 g

## Carabiner Accessories

### BAR

Removable positioning bar for ATTACHE SCREW-LOCK carabiner

## Carabiner Accessories

### BAR

BAR is completely removable and installs on the ATTACHE to keep it from cross loading.

## Carabiner Accessories

### BAR

The BAR orients the ATTACHE carabiner to load the major axis.

## Carabiner Accessories

### BAR

Removable positioning bar for ATTACHE SCREW-LOCK carabiner

- **Material(s):** Nylon

In 2024, we're updating the entire crampon range with a big upgrade for LYNX crampons and all binding accessories, which will now be adaptable to all models. Allowing the user to modify any Petzl crampon to fit their needs, our ALPEN ADAPT system has never been more efficient.

## ALPEN ADAPT

## Modular Crampons With the ALPEN ADAPT System

### Modular heel/toe bail binding system

Petzl offers a large range of heel and toe bails systems, making crampons compatible with a wide variety of boots: for mountaineering, skiing, snowboarding, or telemark skiing.

FIL and FIL FLEX bindings have three versions to adapt to different boot shapes, narrow or wide.

### Modular front and rear sections

The ALPEN ADAPT system also offers front and rear section modularity, so you can use the configuration that best fits your objective.

## Lanyards for Climbing, Mountaineering, Caving, and Canyoning

Petzl offers many types of lanyards including single, double, asymmetrical, and adjustable.

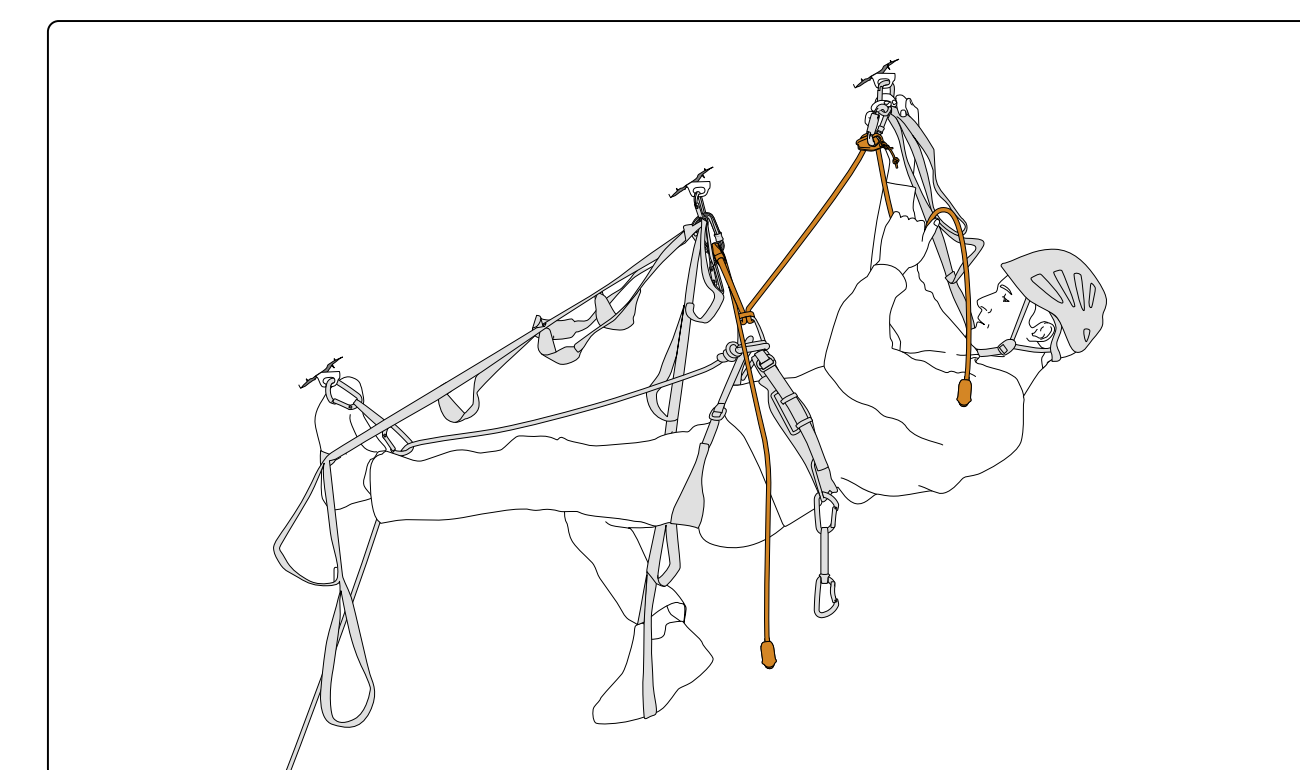

### Lanyards designed for different uses

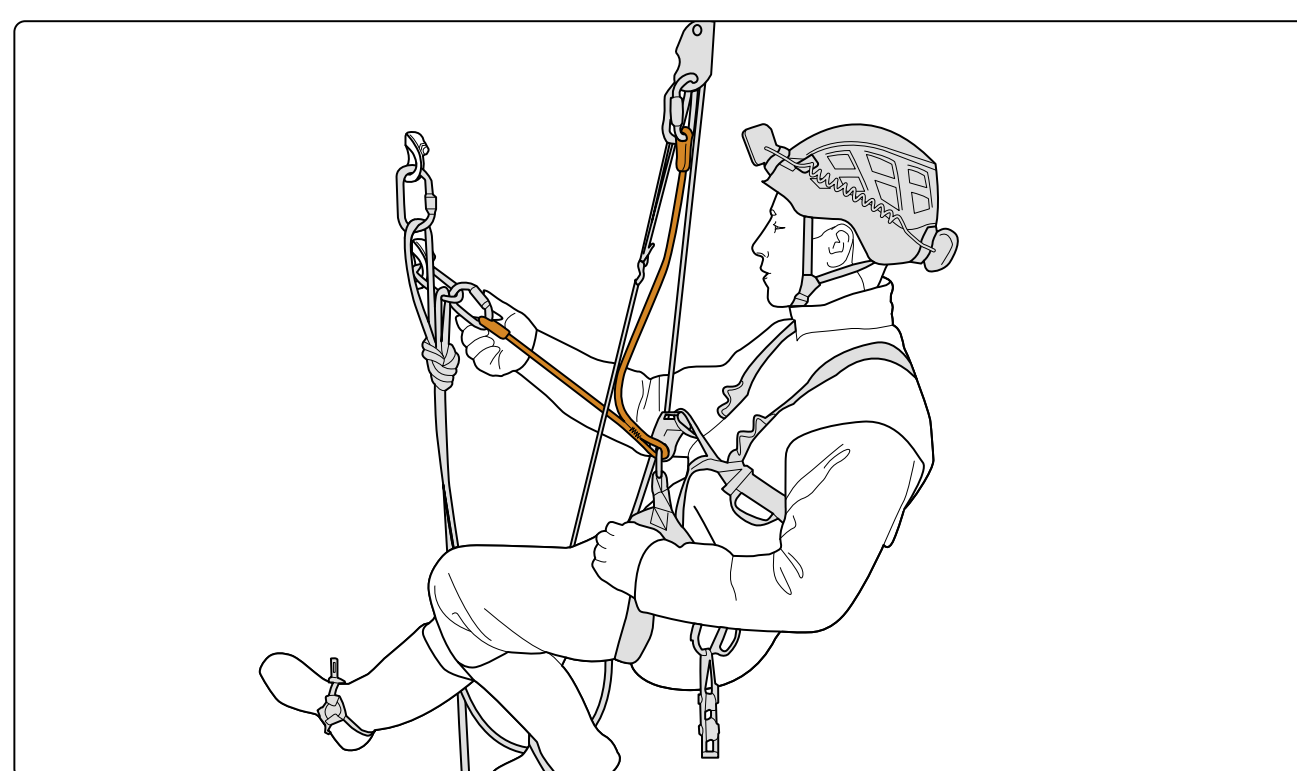

The CONNECT ADJUST single lanyard allows the user to tether to the anchor when climbing or mountaineering in order to manage rope or gear, such as setting up a top rope or getting ready to belay.

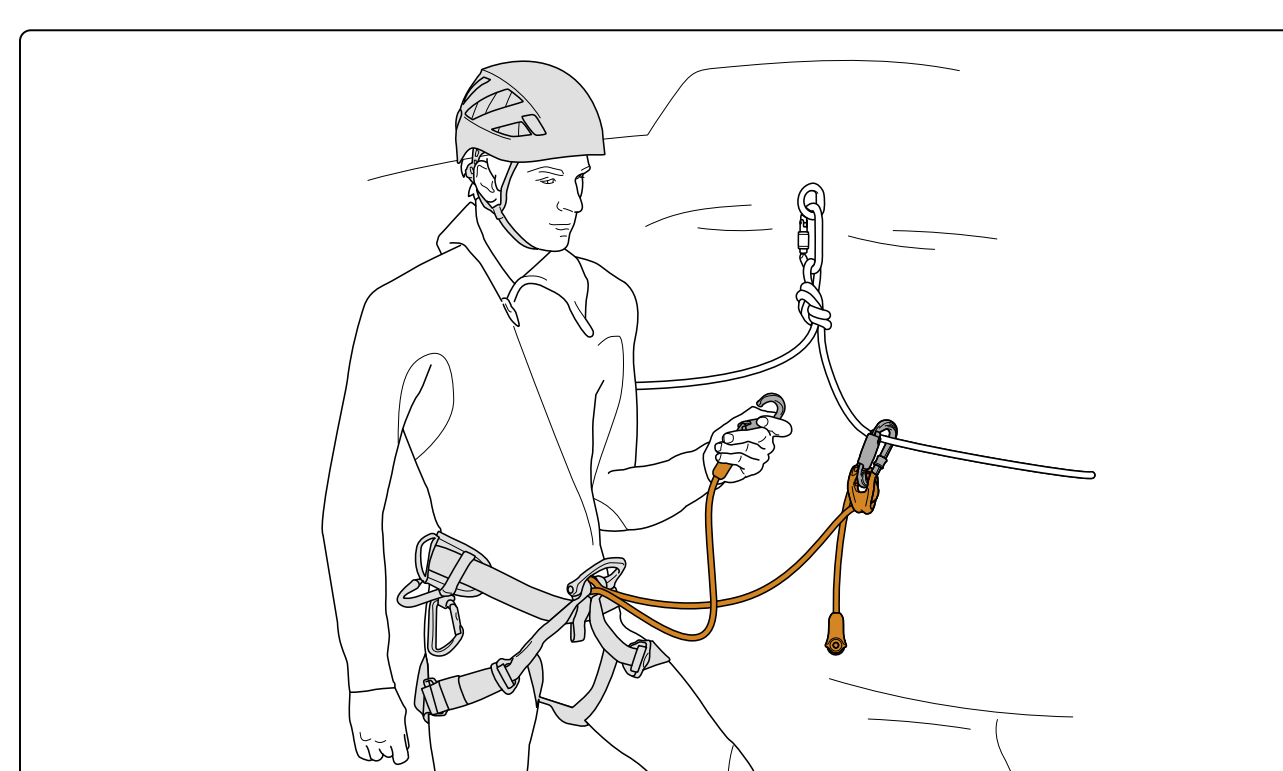

The DUAL CONNECT ADJUST double lanyard allows the user to tether to the anchor in order to set up a rappel system when multi-pitch climbing.

With two adjustable arms, the EVOLV ADJUST lanyard makes aid climbing progression easier.

The DUAL CAVING double lanyard has multiple different uses when caving, such as tethering to an anchor, progressing along a traverse line, passing intermediate anchors, or ascending a rope.

The DUAL CANYON CLUB and DUAL CANYON GUIDE lanyards allow positioning at the anchor and progression along a lifeline when canyoning.

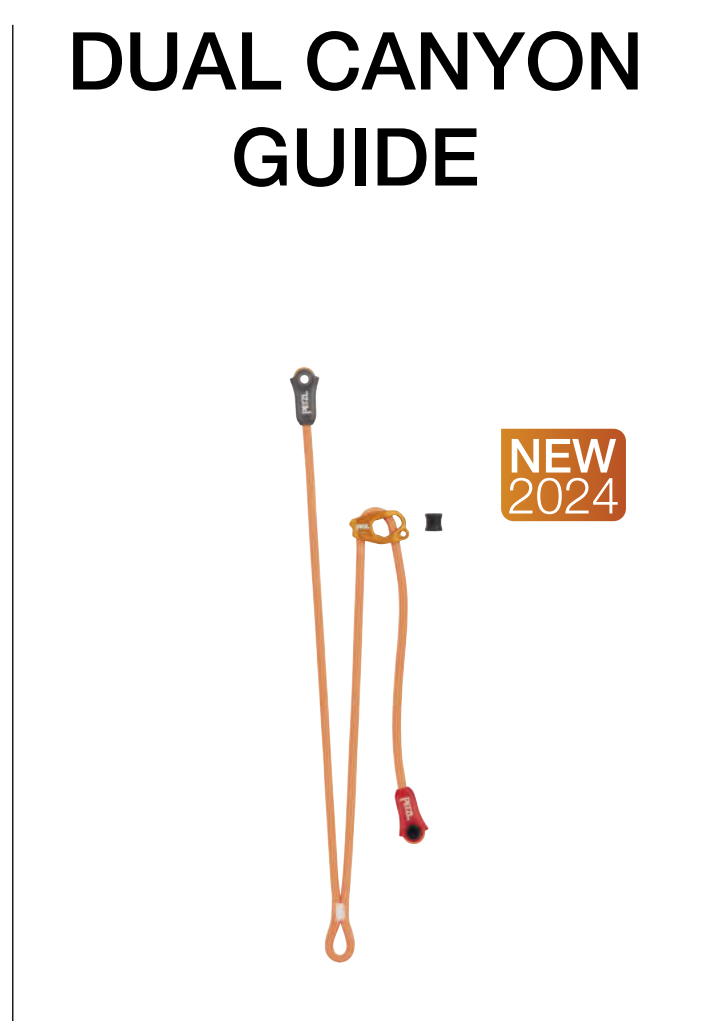

Lanyards equipped with the ADJUST rope adjuster allow for quick and precise length selection of the adjustable arm. This adjustment option allows optimal positioning when at the anchor.

# Choosing Your Lanyard

	CONNECT ADJUST 	DUAL CONNECT ADJUST 	EVOLV ADJUST 	DUAL CAVING 	DUAL CANYON CLUB 	DUAL CANYON GUIDE 
<b>Activity</b>	Climbing and Mountaineering	Multi-Pitch Climbing	Aid Climbing	Caving	Canyoning

<b>Installation</b>	Girth Hitch			Semi-Circle	Girth Hitch	Gated Attachment Point
<b>Adjustable</b>	●			-		●
<b>Length</b>	15 - 95 cm	45 cm / 15-95 cm	15-150 cm	32 cm / 65 cm	55 cm	65 cm / 15-85 cm

## Climbing and Mountaineering Lanyards

### CONNECT ADJUST

Adjustable single lanyard for climbing and mountaineering

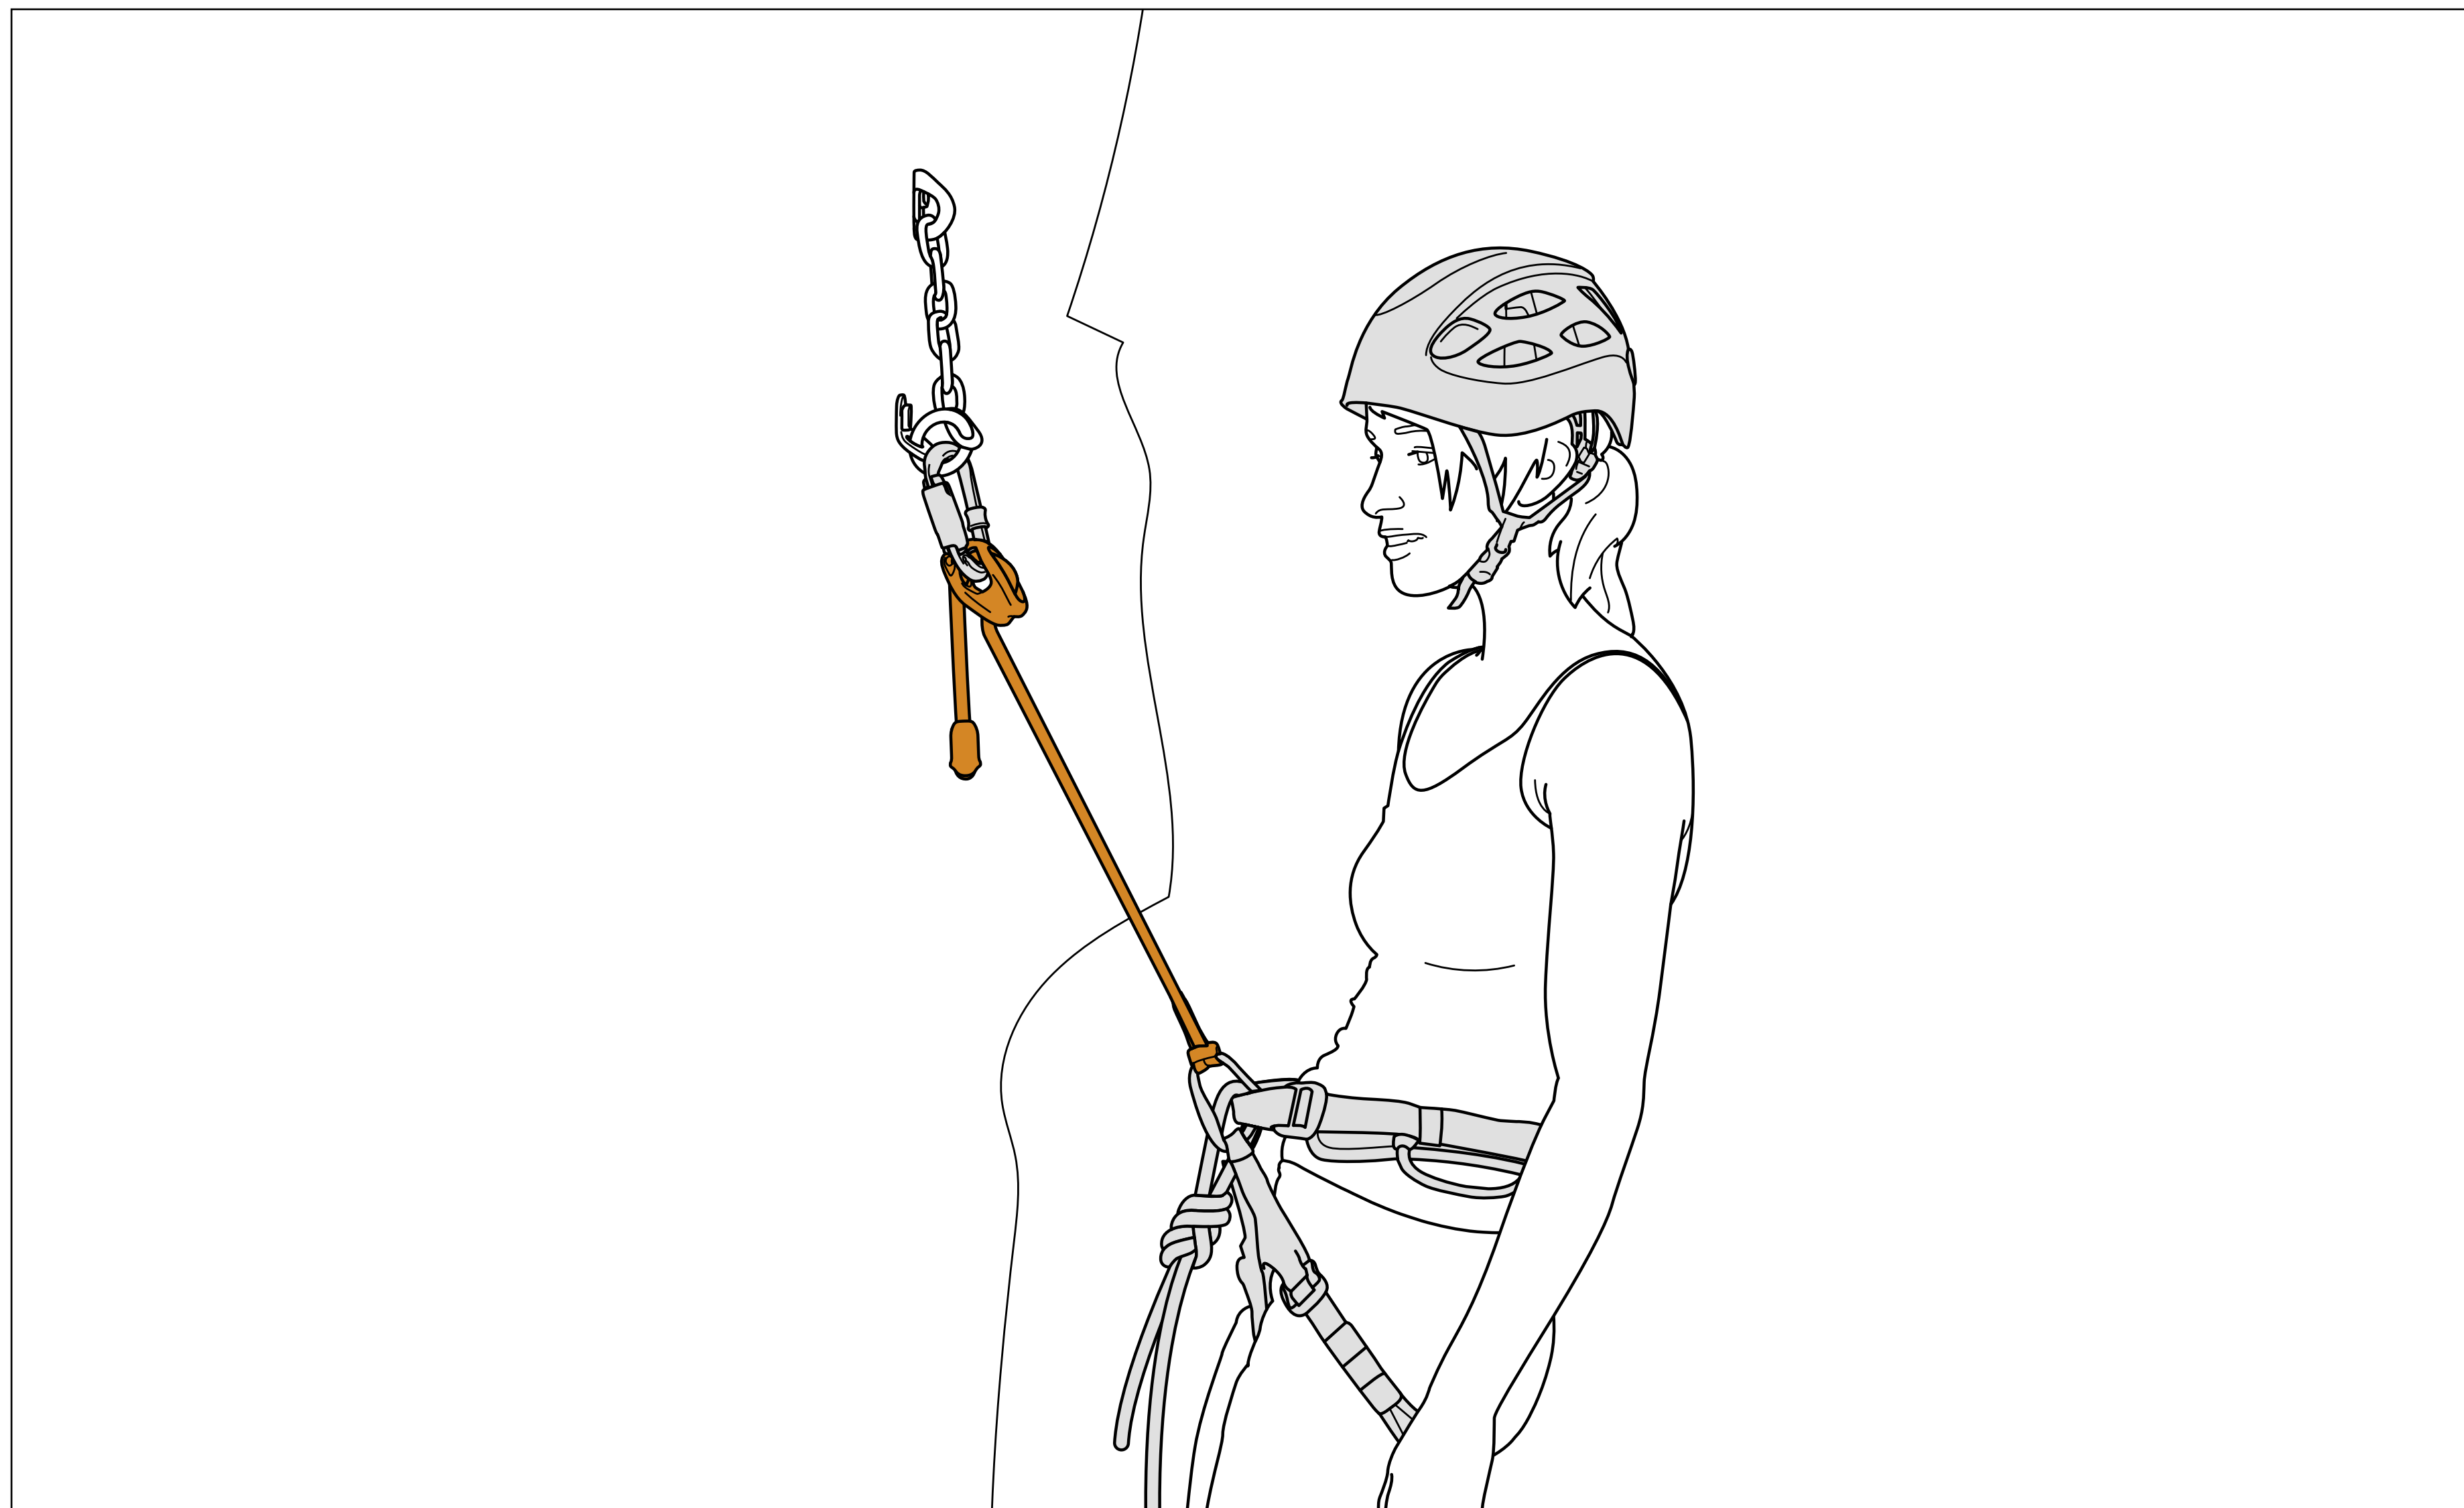

## Climbing and Mountaineering Lanyards

### CONNECT ADJUST

Adjustable and compact single lanyard for tethering to the anchor when climbing and mountaineering.

## Climbing and Mountaineering Lanyards

### CONNECT ADJUST

Sewn webbing termination allows you to install the lanyard on the belay loop with a compact girth hitch.

## Climbing and Mountaineering Lanyards

### CONNECT ADJUST

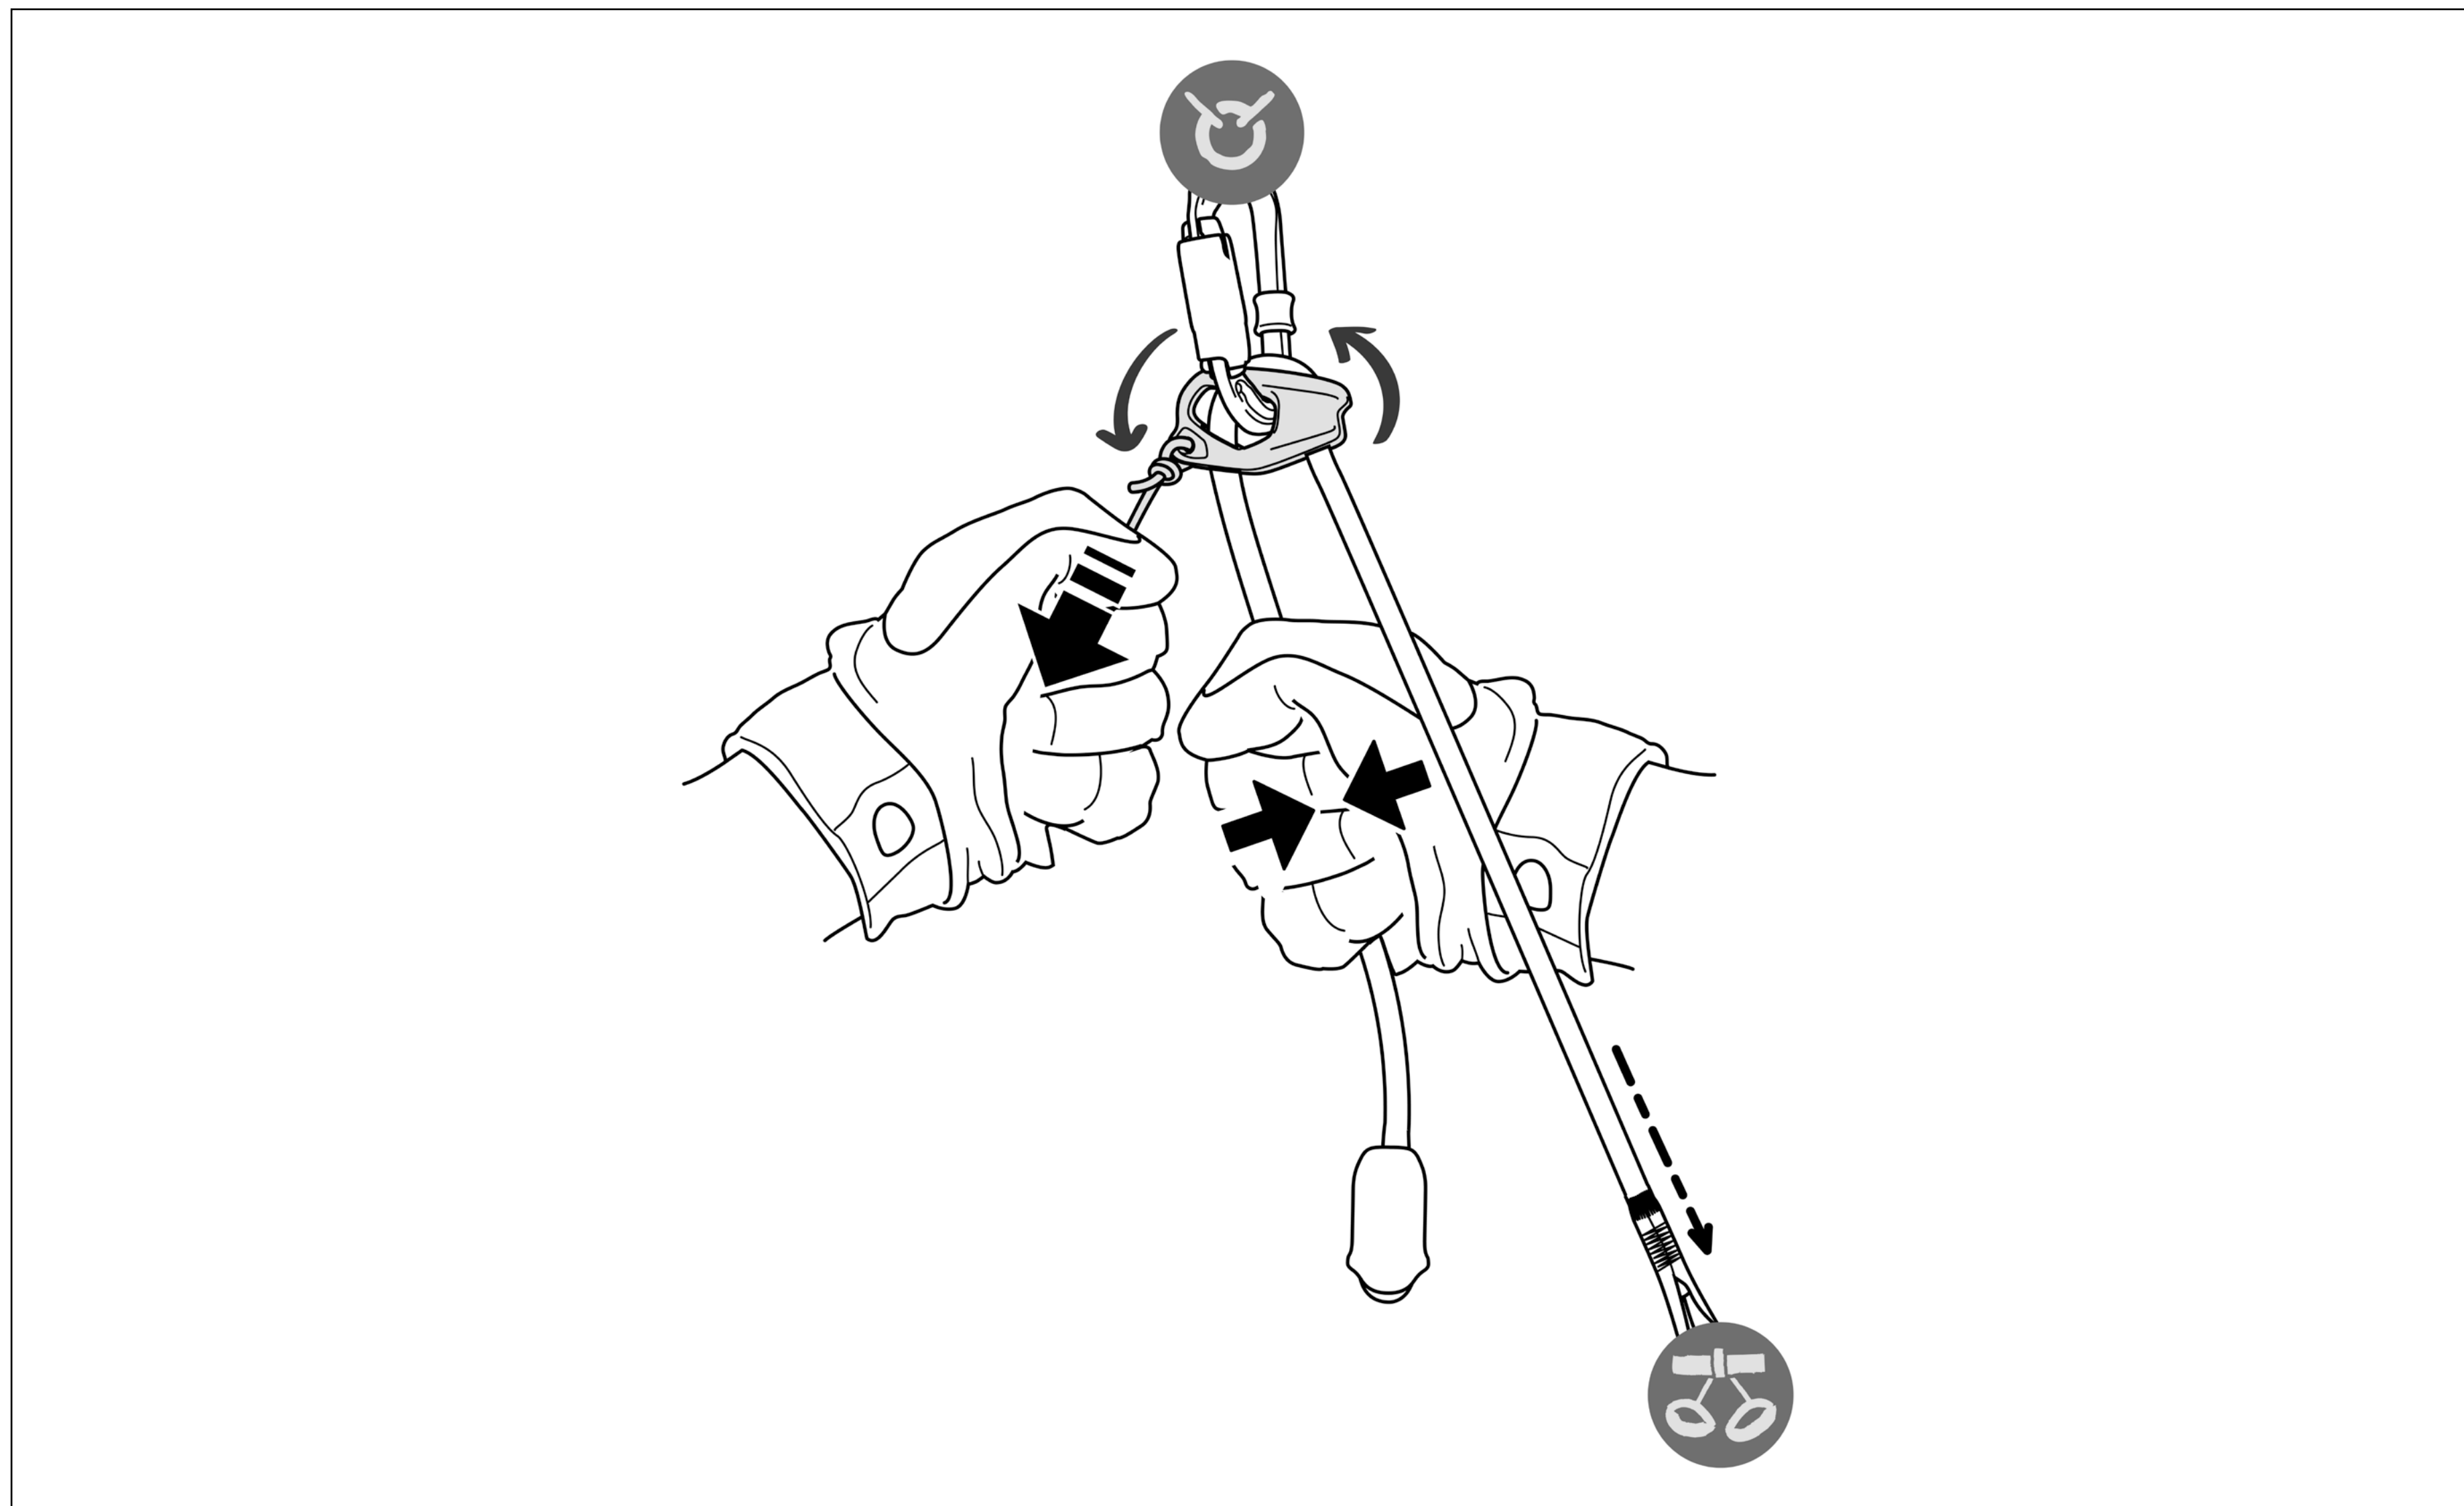

Smooth and precise length adjustment due to the ergonomic shape of the ADJUST rope adjuster.

## Climbing and Mountaineering Lanyards

### CONNECT ADJUST

ADJUST features a hole for attaching a cord to more easily unblock the lanyard rope when it is weighted.

## Climbing and Mountaineering Lanyards

### CONNECT ADJUST

Adjustable single lanyard for climbing and mountaineering

- **Material(s):** Nylon, aluminum, thermoplastic elastomer (TPE), thermoplastic polyurethane (TPU), high-modulus polyethylene (HMPE)
- **Certification(s):** CE EN 17520, UKCA
- **Length:** 15 - 95 cm
- **Weight:** 105 g

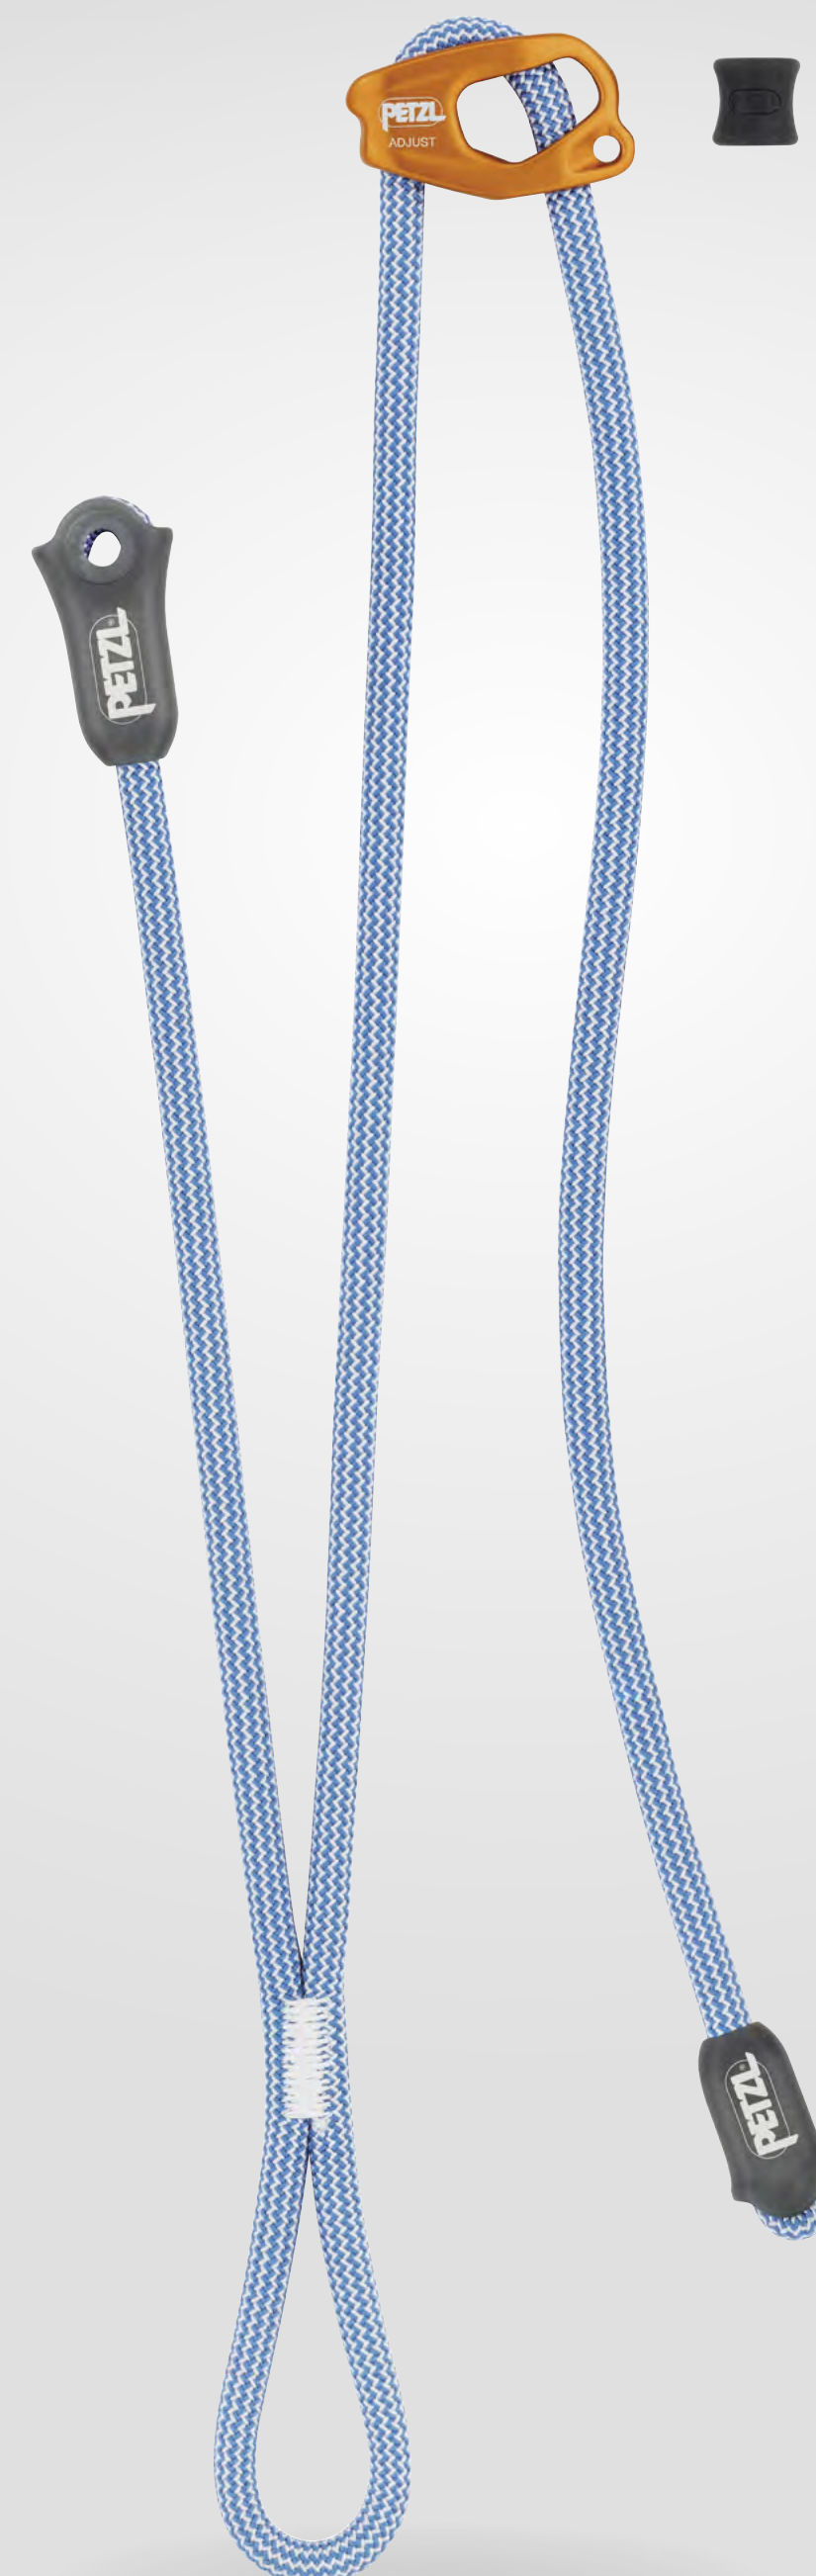

## Climbing and Mountaineering Lanyards

### DUAL CONNECT ADJUST

Adjustable double lanyard for multi-pitch climbing

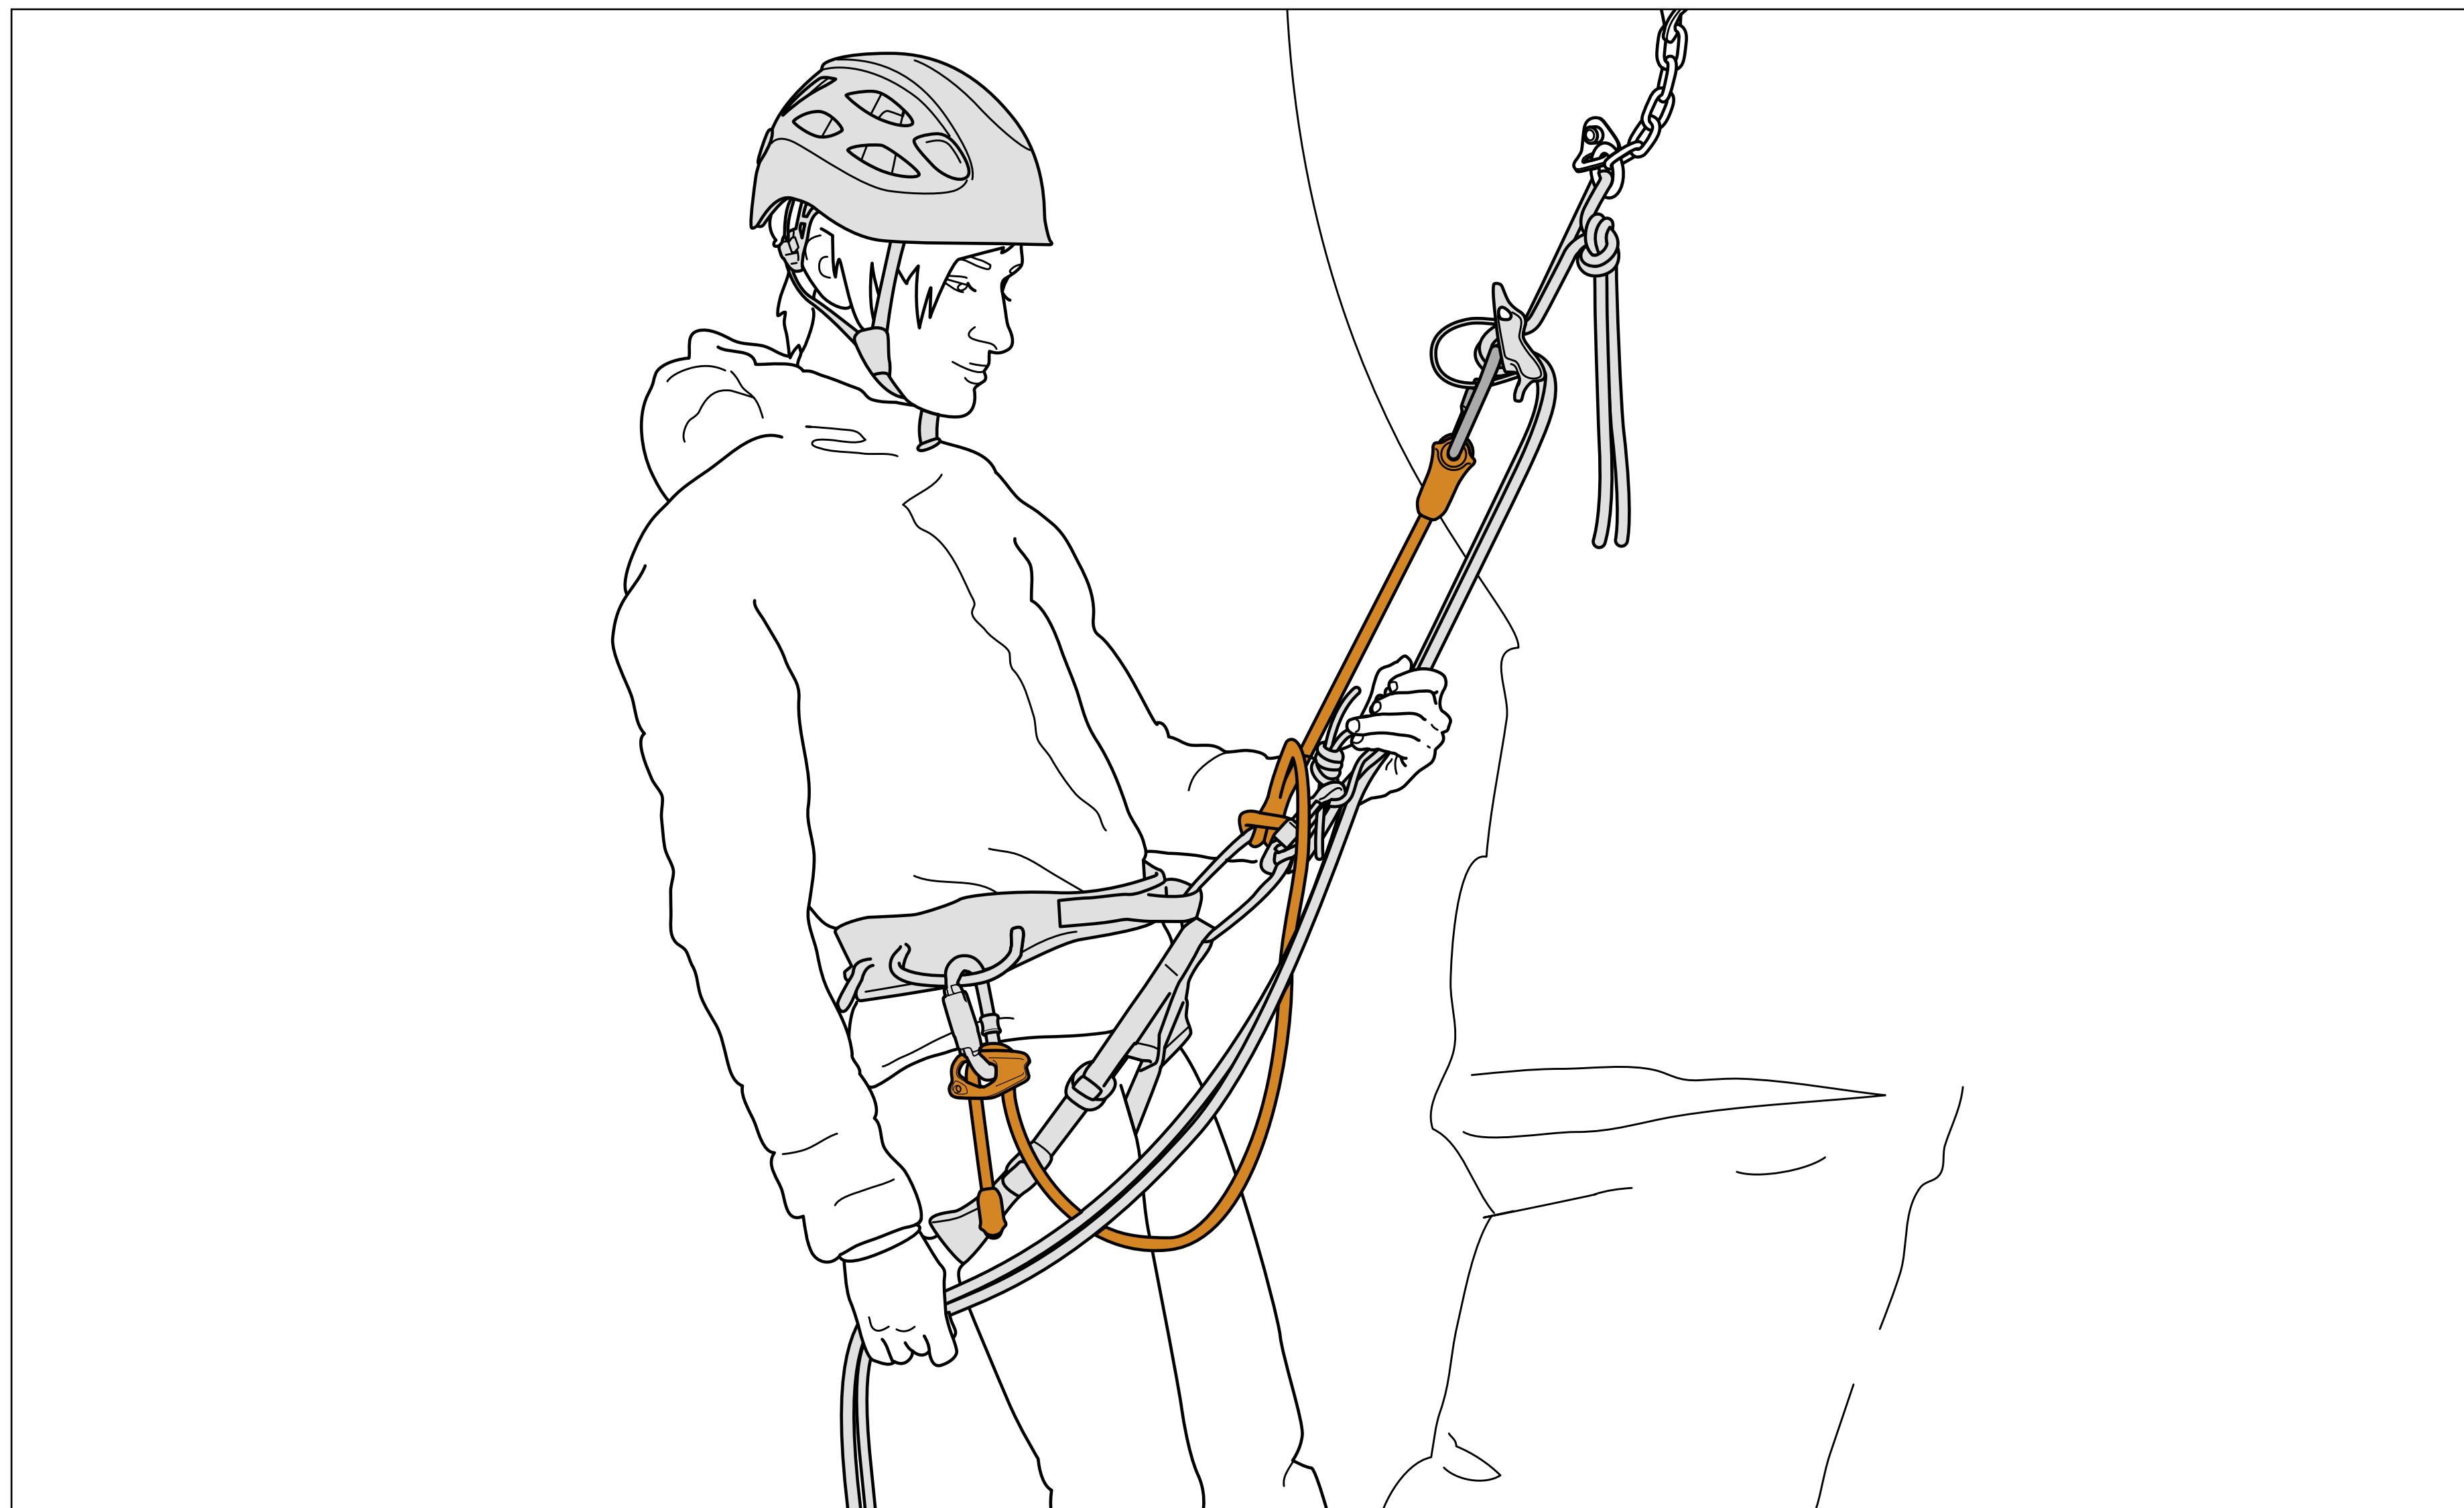

## Climbing and Mountaineering Lanyards

### DUAL CONNECT ADJUST

Adjustable double lanyard allows users to tether themselves to an anchor and install a rappel system when multi-pitch climbing.

## Climbing and Mountaineering Lanyards

### DUAL CONNECT ADJUST

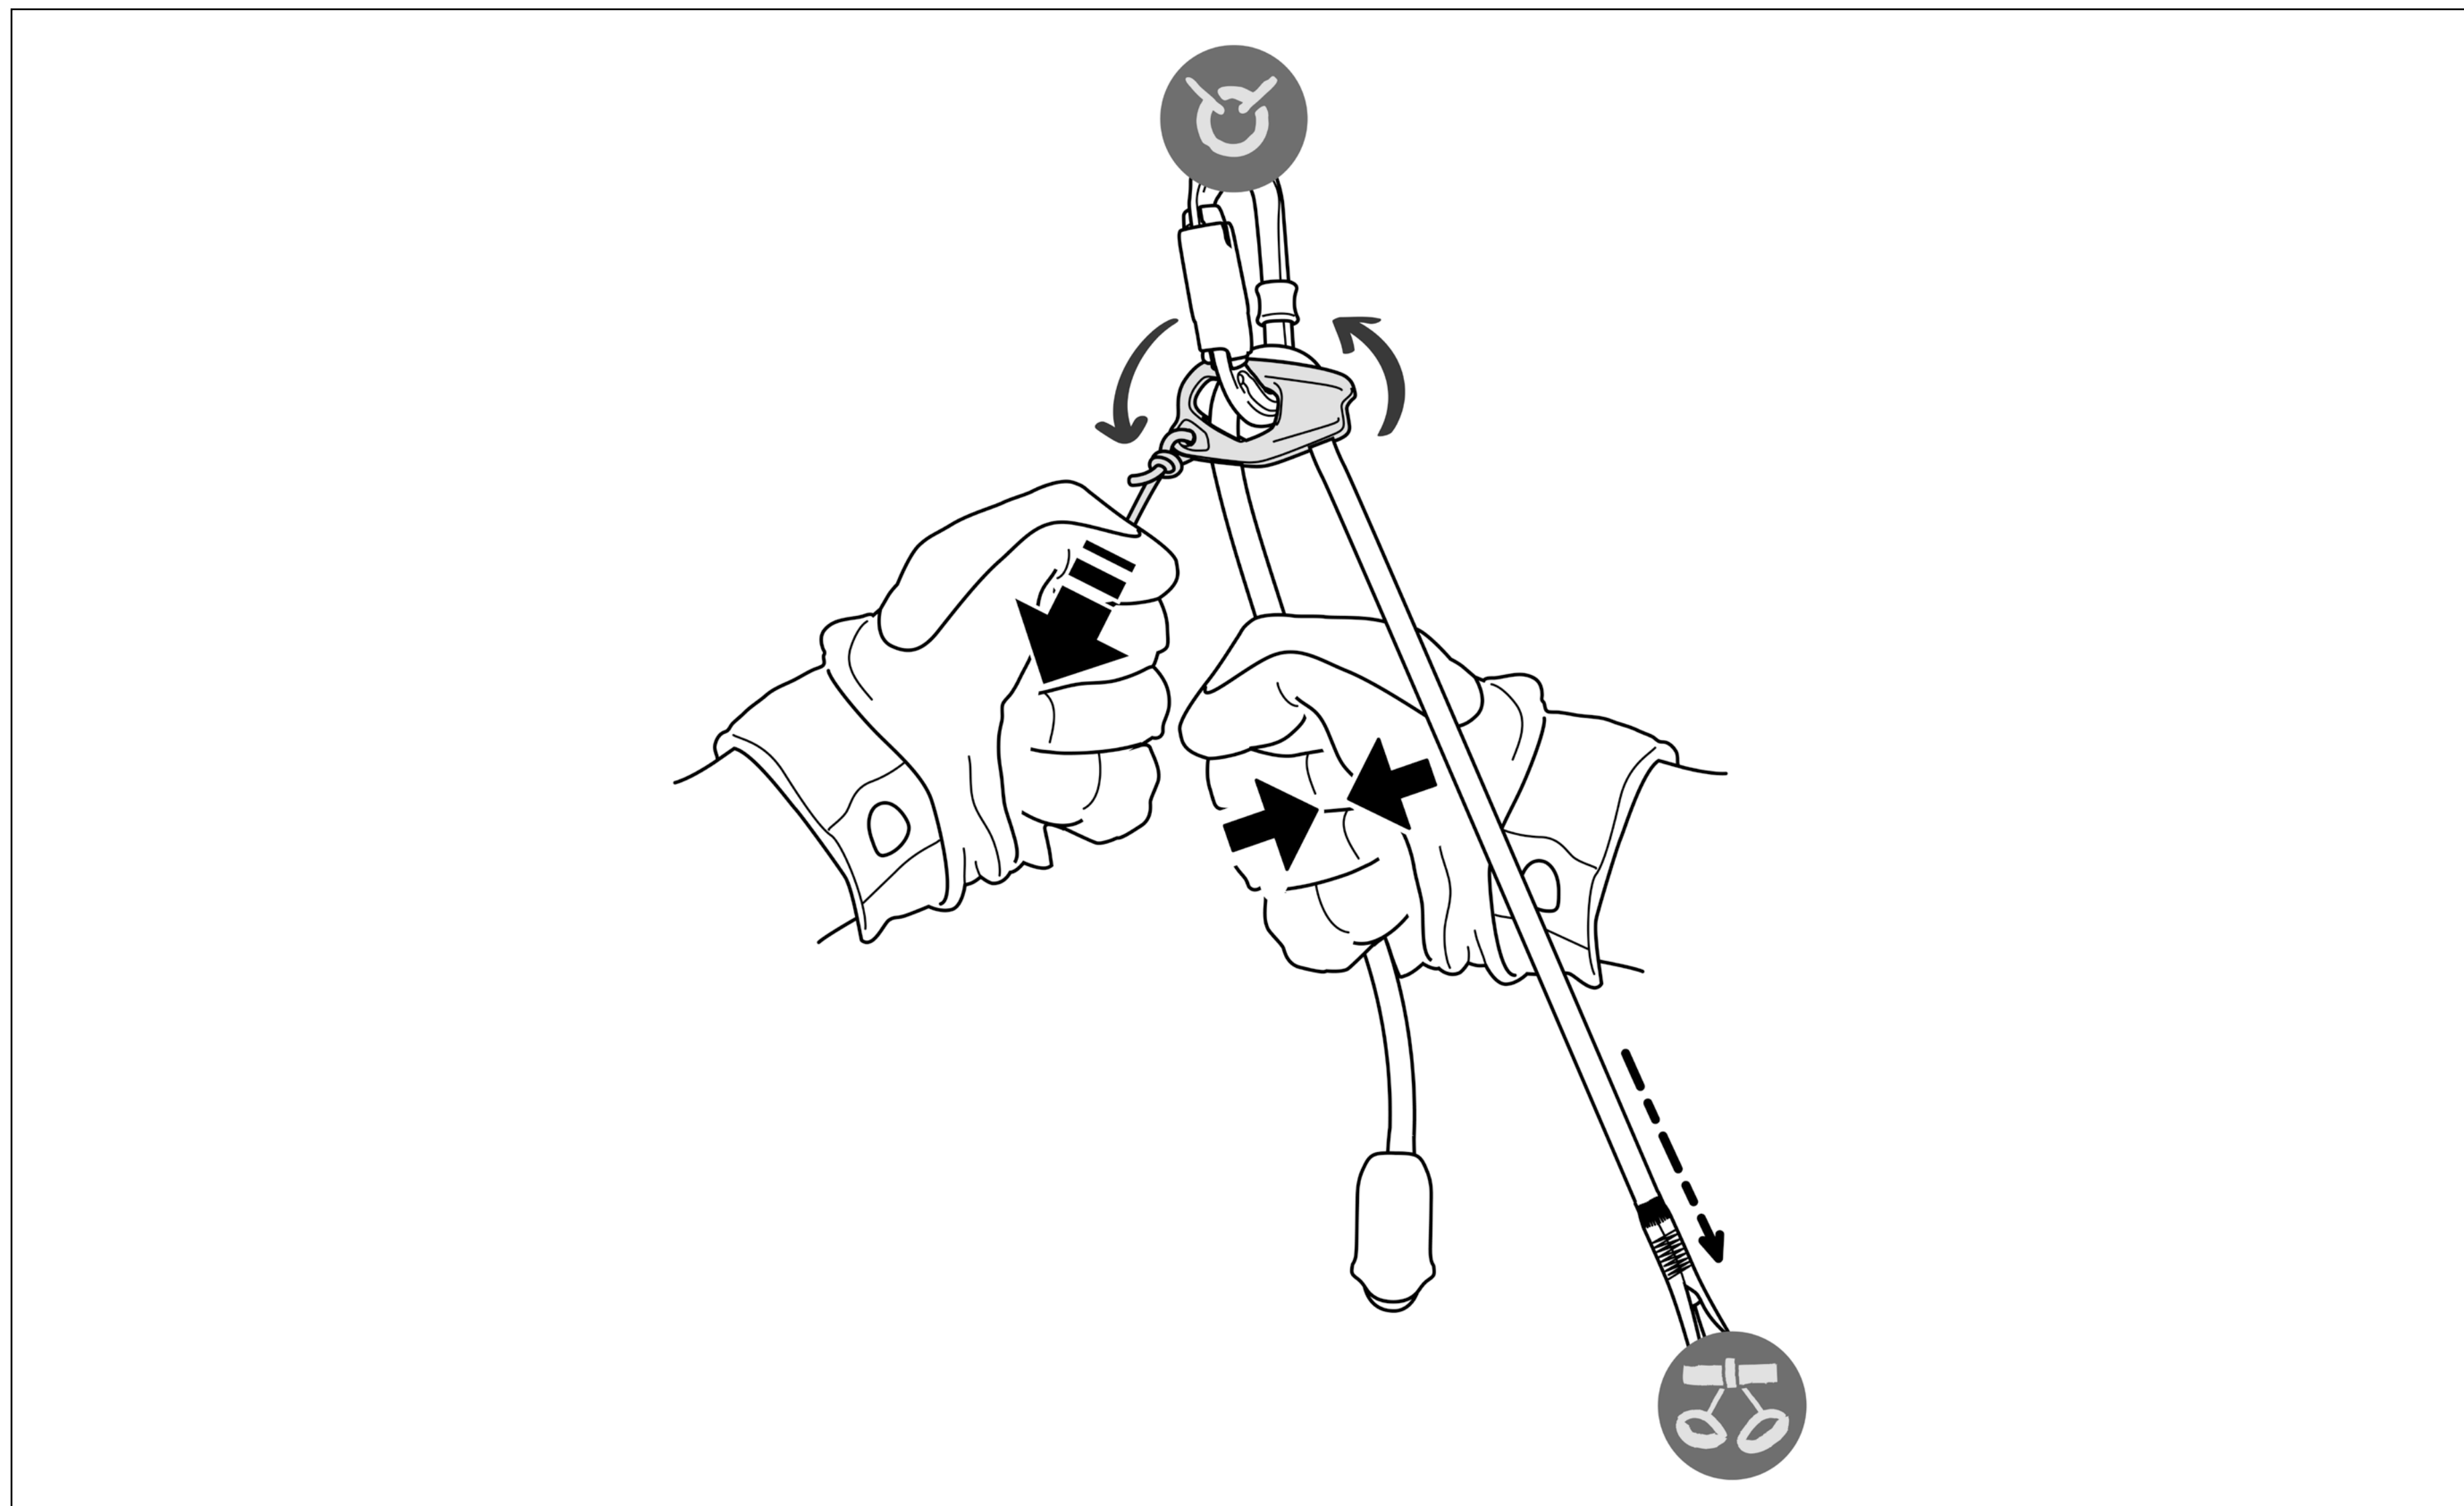

Ergonomic ADJUST rope adjuster provides smooth and precise length adjustment.

## Climbing and Mountaineering Lanyards

### DUAL CONNECT ADJUST

ADJUST features a hole for attaching a cord to more easily unblock the lanyard rope when it is weighted.

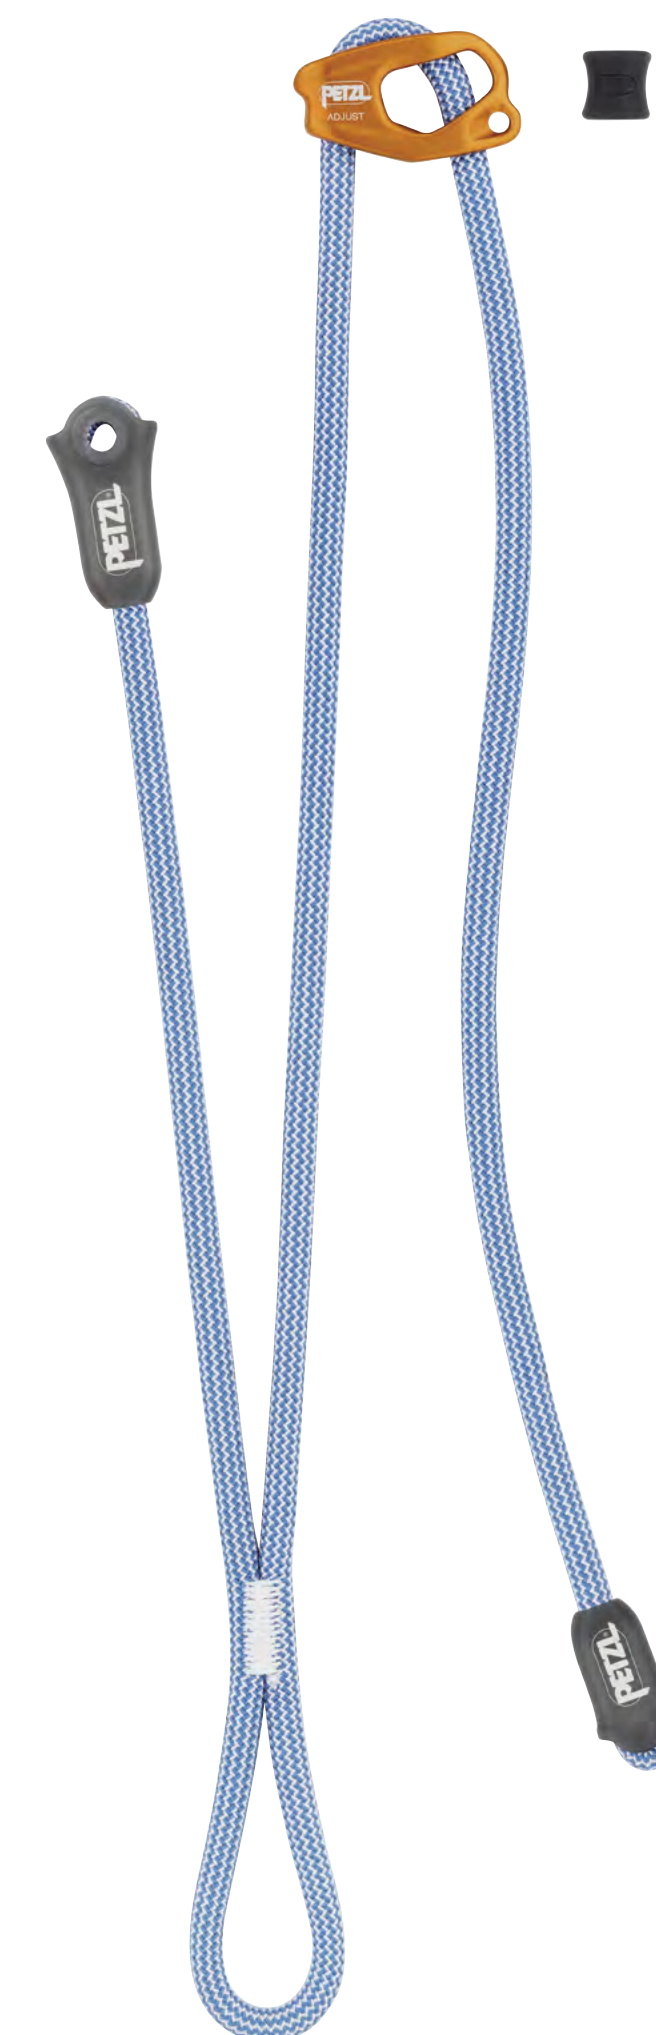

## Climbing and Mountaineering Lanyards

### DUAL CONNECT ADJUST

Adjustable double lanyard for multi-pitch climbing

- **Material(s):** Nylon, aluminum, thermoplastic elastomer (TPE), thermoplastic polyurethane (TPU)
- **Certification(s):** CE EN 17520, UKCA
- **Fixed arm length:** 45 cm
- **Adjustable arm length:** 15 to 95 cm
- **Weight:** 150 g

## Climbing and Mountaineering Lanyards

★★★ Designed for

★ Suited for

From the simplest of tasks to the most demanding sports, Petzl headlamps meet your needs and let you choose from a wide range of brightness levels.

## PERFORMANCE Headlamps

### SWIFT® RL

Compact, ultra-powerful and rechargeable headlamp featuring REACTIVE LIGHTING® technology. 1100 lumens

## PERFORMANCE Headlamps

### SWIFT® RL

Longer burn time, greater visual comfort, and less manual operation with REACTIVE LIGHTING® mode: the light sensor automatically adjusts brightness and beam pattern, optimizing battery life.

## PERFORMANCE Headlamps

### SWIFT® RL

Rechargeable via USB-C port.

## PERFORMANCE Headlamps

### SWIFT® RL

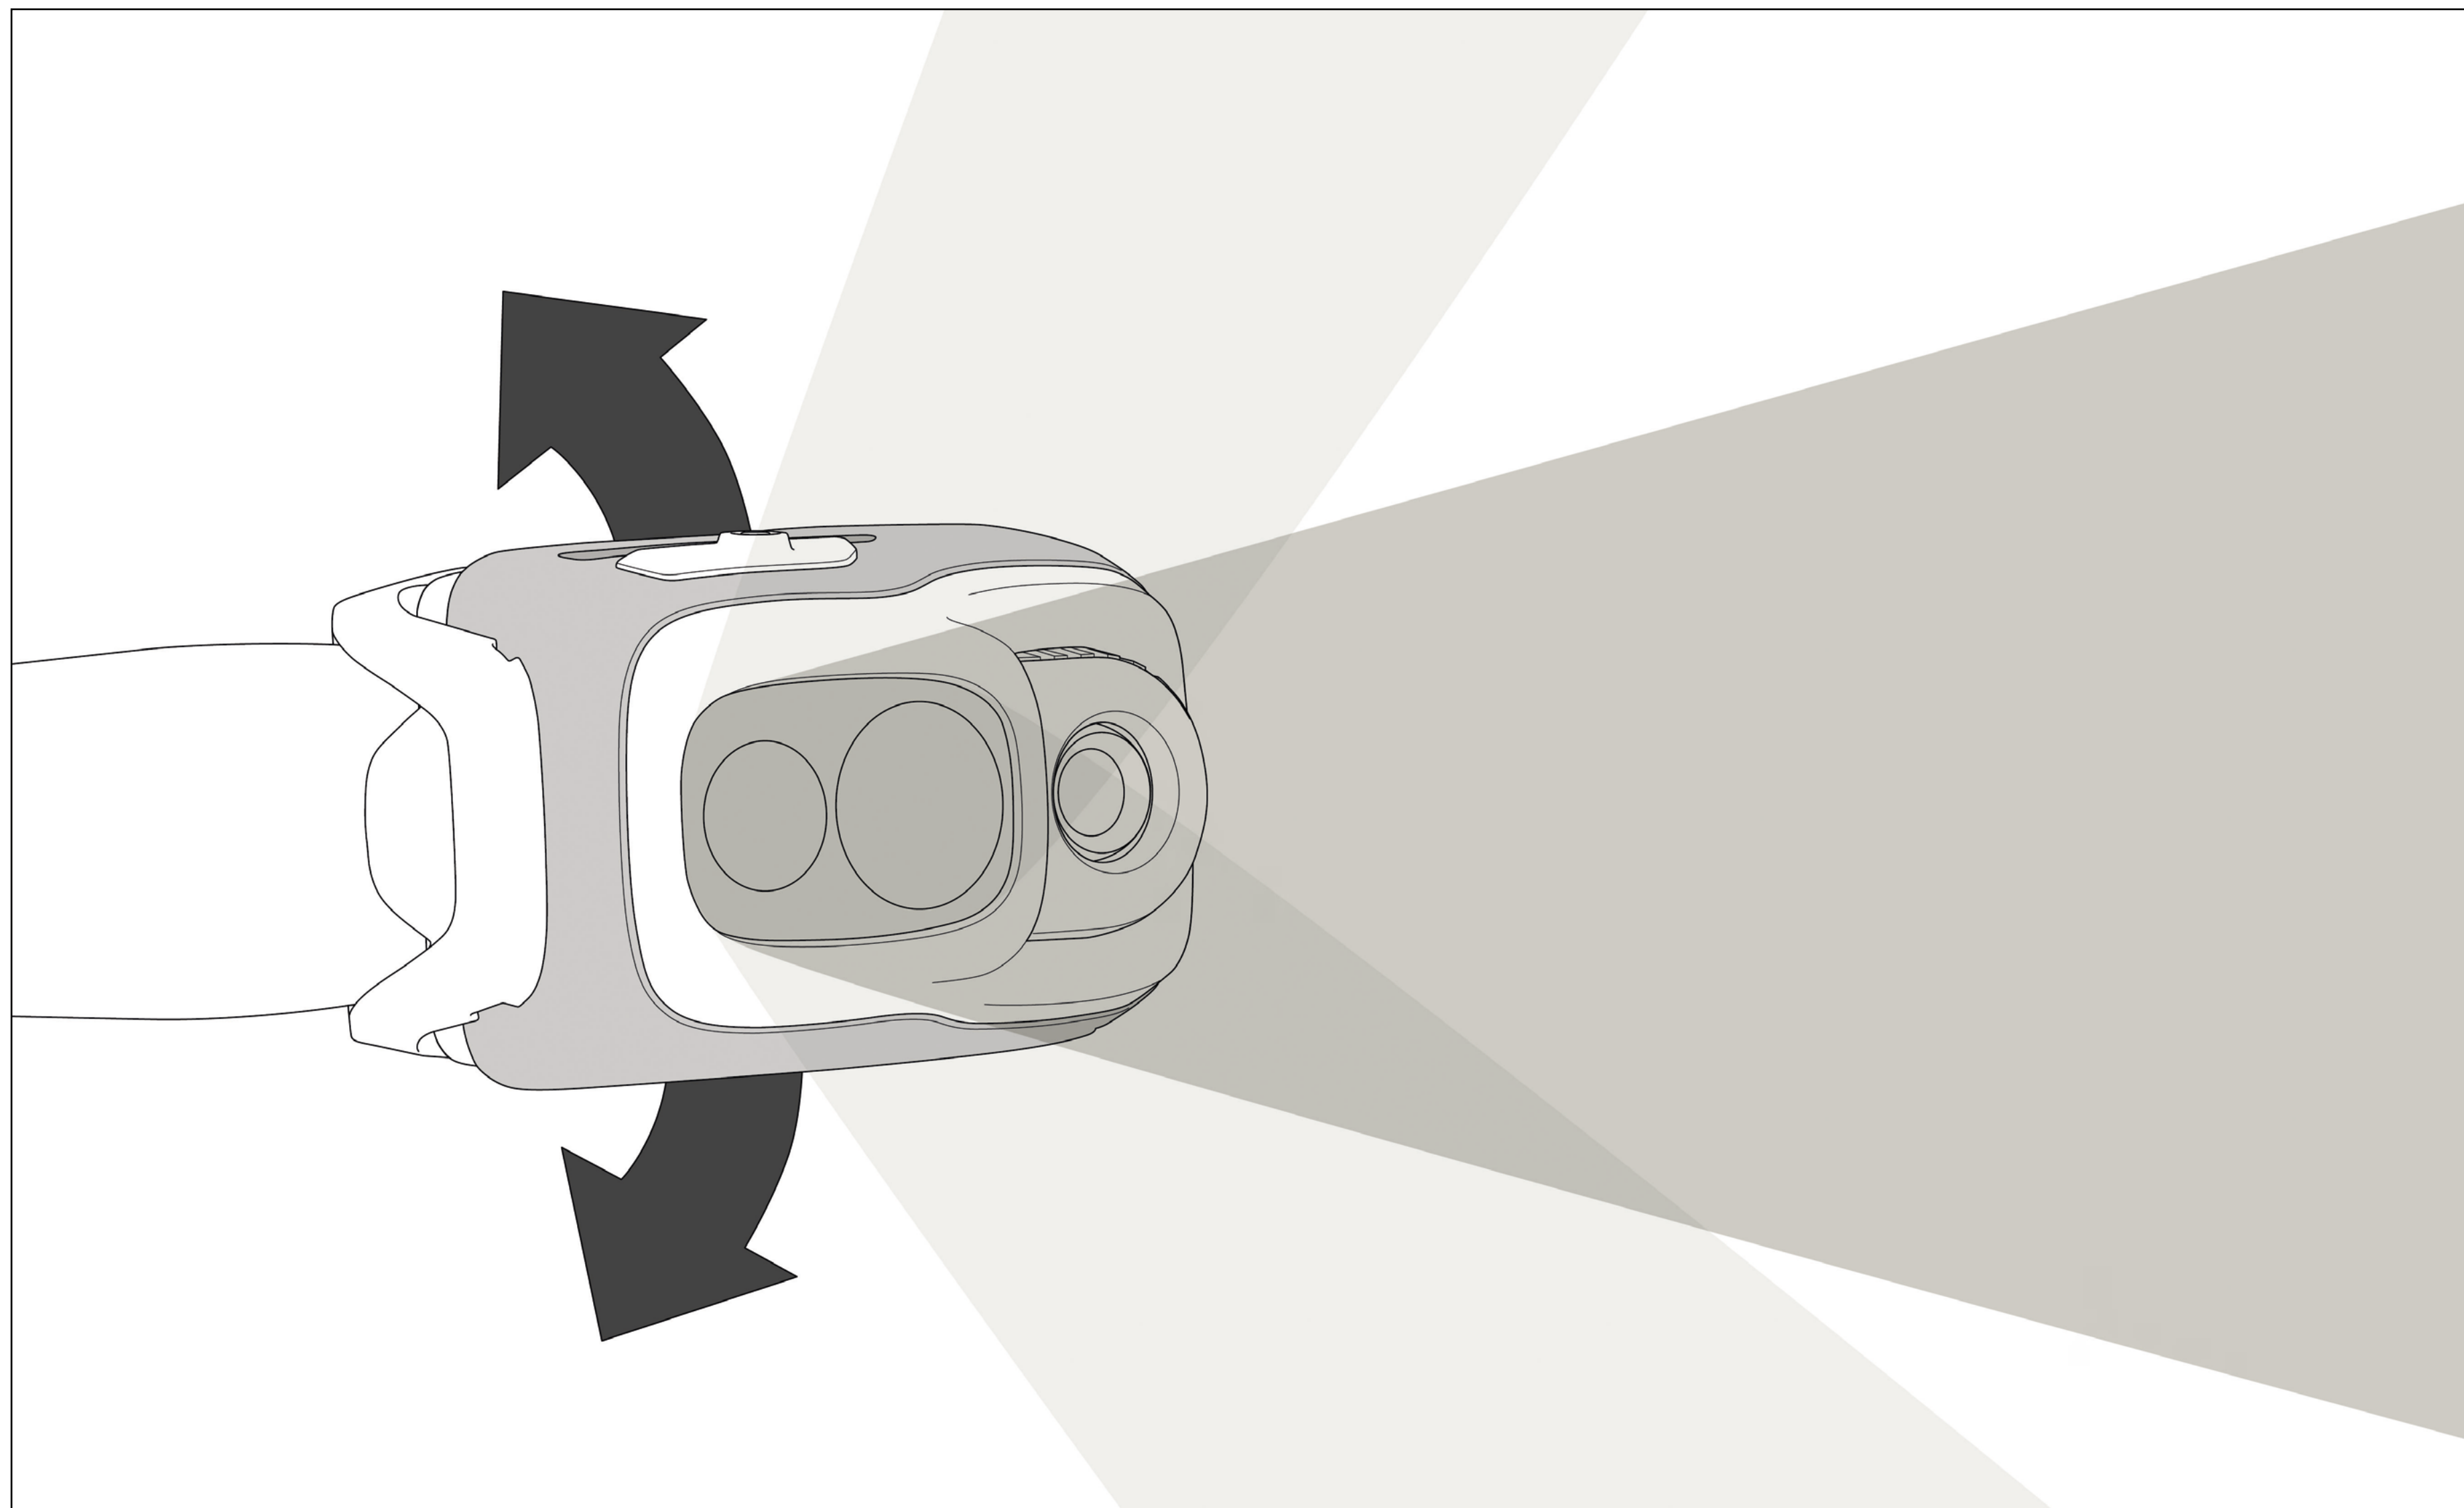

Continuous or strobe red lighting to preserve night vision and to signal your location, especially in emergency situations.

## PERFORMANCE Headlamps

### SWIFT® RL

The lamp can be tilted upward to see ahead when worn around the neck or tilted downward when worn on a helmet.

## PERFORMANCE Headlamps

### SWIFT® RL

Compact, ultra-powerful and rechargeable headlamp featuring REACTIVE LIGHTING® technology. 1100 lumens

- **Brightness:** 1100 lumens (ANSI FL 1 STANDARD)
- **Weight:** 100 g
- **Beam pattern:** Mixed (wide and focused)
- **Power:** Lithium-Ion 2350 mAh battery (included), rechargeable with micro USB-C port
- **Water resistance:** IPX4 (weather-resistant)
- **Certification(s):** CE

## Headlamp Accessories

### **ACCU SWIFT® RL**

Rechargeable battery for SWIFT® RL headlamp

## Headlamp Accessories

### ACCU SWIFT® RL

Easy charging via the USB-C port.

## Headlamp Accessories

### ACCU SWIFT® RL

Rechargeable battery for SWIFT® RL headlamp

- **Weight:** 50 g
- **Technology:** Lithium-Ion
- **Capacity:** 2350 mAh
- **Number of charging cycles:** 300
- **Charging time:** 6 h
- **Certification(s):** CE

## Headlamp Accessories

### Spare Headband for SWIFT® RL

Spare headband for SWIFT® RL headlamp

## Headlamp Accessories

### **SIROCCO ADAPT 2**

Accessory for mounting a DUO headlamp on a SIROCCO® helmet
